SOUTHWESTERN SUFFERED.

(Huntington Herald.)

The great storm Saturday night created much havoc along the Southwestern's line. Everything became so wet that it was impossible to maintain the high pressure current, and as a consequence cars were all late. The engine at the power station was kept going all night Saturday in order to permit belated cars to reach the city. During the night so much rain entered the engine pit at the power house that the immense fly wheel was partially submerged, and at 6 o'clock Sunday morning the engine was stopped. It took about an hour and a half to draw the water all out of the pit.

PROPER FOOD

Better Than Ocean Breezes.

It makes a lot of difference in hot weather the kind of food one eats.

You can keep the body cool if you breakfast on Grape-Nuts, for in its predigested form it presents the least resistance to the digestive organs and contains as much nutriment as heavy body heating food, such as meat, potatoes, etc.

Grape-Nuts is probably entitled to the claim to be the most perfectly adapted food for human needs now extant. The meat eater and vegetarian are alike charmed with its crisp taste, the delicate flavor of the grape-sugar and the nourishment to body and brain, while the housewife is attracted by its being thoroughly cooked at the factory and obtained from the grocer ready for instant use with the addition of cream, making it a cool, delicious dish, requiring no hot stove and cross cook on a hot morning.

When Grape-Nuts and Postum Food Coffee constitute the summer breakfast, with the necessary addition of a little fruit, it is not necessary to seek the ocean breezes for comfort, for external heat is unnoticed when internal coolness from proper food is felt. BAILEY'S IRE UP

TEXAS SENATOR ASSAULTS SENATOR BEVERIDGE.

CHOKES THE INDIANA MAN

AFFAIR TOOK PLACE IN THE SENATE CHAMBER.

BAILEY FANCIED ASPERSION

BEVERIDGE REFUSED TO WITHDRAW HIS WORDS.

Washington, July 1.—Senator Beveridge was assaulted by Senator Bailey, of Texas, in the senate chamber last evening, immediately after the close of the executive session. The southern senator seized the Indiana man by the throat with his powerful grasp, but he was dragged away from his opponent by several of the bystanders before serious injury was done. As he was forced back, still struggling to get free, Mr. Bailey was heard to utter words which sounded like a threat of killing.

The encounter was preceded by a spirited colloquy in the open session

JOSEPH W. BAILEY.

of the senate this afternoon, in which hot words passed between Senators Beveridge and Bailey. Mr. Beveridge declared that Senator Bailey had made an "unwarranted attack" upon W. L. Penfield, solicitor of the state department, who was appointed from Delaware county, Indiana.

BAILEY ACCOSTS BEVERIDGE.

At the close of the executive session Senator Beveridge remained in his seat smoking a cigar. As the senators were passing from the chamber Mr. Bailey arose and crossed the room rapidly to Senator Beveridge's seat. He faced the Indiana senator and began to speak rapidly.

"Beveridge," he said, "I don't want to have any trouble with you, but I want you to withdraw those words which charge me with making an unwarranted attack upon Penfield."

"I did not intend to insult you," replied Senator Beveridge, "and there is nothing in my language that you could consider offensive."

THREATENS BEVERIDGE.

"I don't allow any one to say that I libel a man, and that is what you do in making the charge. Now, if you won't withdraw the words when I ask you, I'm going to make you withdraw them."

As Senator Bailey spoke he grew more and more excited. He sat down by the side of the Indiana senator, and, leaning against the desk immediately in front of him, looked Mr. Beveridge squarely in the face. Senator Beveridge did not change his position, and, still puffing at his cigar, replied to his opponent's demands: "I repeat that I did not mean to insult you and that I have nothing to retract."

HAS BEVERIDGE BY THROAT.

No sooner had Senator Beveridge uttered these words than Mr. Bailey sprang forward upon the Indiana senator and grasped him with both hands by the throat. Mr. Bailey is a large and powerful man and the force of the lunge was so great that the chair in which Mr. Beveridge was seated was thrown back against a desk, which was pushed over.

At this point several persons ran from different parts of the senate chamber to the struggling men. Senator Spooner and Senator Hansbrough were first on the spot. Mr. Spooner seized Mr. Bailey by one arm and Senator Hansbrough grasped the other. Both the peacemakers were forced to exert all their strength before they succeeded in dragging the infuriated Texas senator from his opponent.

As his hands were torn from Senator Beveridge's throat he grasped a part of the Indiana senator's neckwear and tore it away. Senator Spooner and Senator Hansbrough were having all they could do to keep Mr. Bailey from Mr. Beveridge when they were reinforced by Senator Bacon and Assistant Doorkeeper Barney Layton.

LIKE THREAT OF KILLING.

The four men managed to push Mr. Bailey to a safe distance, in spite of his struggles to get free. He lunged continually toward Senator Beveridge [illegible] to some captors have regained in part his composure released him. They stood between Mr. Bailey and Mr. Beveridge, as if expecting another attack.

Without further effort, however, he walked away when Senator Bacon urged him to be quiet and led him toward the democratic side. Senator Bacon engaged Senator Bailey in conversation for some time, advising him to cool down. Senator Spooner also went across the aisle and discussed the matter with the Texas senator, urging him to apologize and, if possible, fix it up at once, but Senator Bailey refused all such proffers, declaring that Senator Beveridge had

ALBERT J. BEVERIDGE.

insulted him in the senate and that he had taken the only course, as the Indiana senator had refused to withdraw his remarks.

RAIN DELAYS SURVEYORS.

Willshire, Ohio, July 1.—The corps of surveyors which is surveying the route of the Fort Wayne, Dayton and Cincinnati traction line left this place yesterday afternoon. They are now surveying the road between this place and Decatur and will probably reach the latter place today. They were held here by the rain and bad roads. It is probable that the work will have to be discontinued until the dry weather sets in.

Out of Plumb.

When the wall is out of plumb the building is more or less unsafe, and the higher the wall is carried out of the perpendicular the greater the danger of collapse. It's about so with the health; it is out of plumb when the digestion is impaired, when there is a dull, sluggish feeling, with nervousness, irritability and sleeplessness. Every day that these symptoms are neglected increases the liability to physical collapse.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood and cures nervousness, irritability and sleeplessness by curing the diseases in which they originate.

"For three years I suffered untold agony," writes Mrs. H. R. White, of Stanstead, Stanstead Co., Quebec. "I would have spells of trembling and being sick at my stomach, pain in right side all the time; then it would work up into my stomach and—such distress it is impossible to describe. I wrote to the World's Dispensary Medical Association, stating my case to them, and they very promptly answered and told me what to do. I took eight bottles of Dr. Pierce's Golden Medical Discovery, and five vials of Dr. Pierce's Pleasant Pellets. Thanks to Dr. Pierce and his medicine I am a well woman to-day. Dr. Pierce's medicines also cured my mother of liver complaint from which she has been a sufferer for fifteen years. We highly recommend these medicines to all suffering people."

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing *only*, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Miles' Heart Cure:

"I suffered agonizing pain in the left breast and between my shoulders from heart trouble. My heart would palpitate, flutter, then skip beats, until I could no longer lie in bed. Night after night I walked the floor, for to lie down would have meant sudden death. My condition seemed almost hopeless when I began taking Dr. Miles' Heart Cure, but it helped me from the first. Later I took Dr. Miles' Nervine with the Heart Cure and the effect was astonishing. I earnestly implore similar sufferers to give these remedies a trial."

Surprised at the Quick Results

Mrs. E. Firefile.

1321 Day St., Philadelphia, Pa.

When I was sick 2 years ago, with nervous prostration, palpitation of the heart, dizziness and general debility, I tried many medicines and several doctors, but grew steadily worse until I was unable to leave my bed, and no one expected me ever to recover. But a friend advised me to try Pastor Koenig's Nerve Tonic and as a last resource, without any hope or faith in it, I tried a bottle and was surprised at its quick results. After using only 2 bottles I was completely cured.

MRS. E. FIREFILE.

The daughter of Mrs. J. Schon, of Exira, Iowa, has suffered with epilepsy. She used Pastor Koenig's Nerve Tonic, and has not had an attack in three years.

J. J. Carlos from Newark, N. J., says in a letter dated Jan. 12, '95: I believe, that Pastor Koenig's Nerve Tonic did the most good of any medicine I took.

DEATH'S RECORD OF THE DAY

AMANDUS HEISKELL SUCCUMBS TO CANCER.

Jacob Sappington, Who Died Near Larwill, Was an Allen County Pioneer—Mortuary Matters.

Amandus Heiskell, 65 years of age, died at his home, 2420 South Wayne avenue, at 7:15 o'clock this morning, after a protracted illness from cancer.

Mr. Heiskell was a native of Germany, but had resided in Fort Wayne many years. Surviving are the widow and four children—Mrs. John Young, of Wabash, and the Misses Emma, Clara and Lillie Heiskell, of this city.

Funeral services will be held from the residence Thursday afternoon at 2 o'clock.

SCANTLING.

Marguerite Scantling, the infant daughter of Mr. and Mrs. W. H. Scantling, of 1214 Webster street, died at midnight from exhaustion, at the age of two months.

SAPPINGTON.

Funeral services of Jacob Sappington, who died a few days ago at his home in Larwill at the age of 83 years, were held Monday, and the interment occurred near his old home at Monroeville.

Mr. Sappington was a native of Pennsylvania and his life was a long and active one. In 1836 he went with a company from Washington, Pa., to Texas and fought in the revolution then in progress in the territory, which later became an independent republic and later a state in the union. In 1844 Mr. Sappington came to Indiana, settled on the Indian reserve near Zanesville, where in 1847 he was united in marriage to Mary Butt. They were the parents of fifteen children.

In 1848 the family located upon the farm known as the Jackson farm, east of Fort Wayne, and for thirty-six years were residents of Allen county. In 1880 they removed to Whitley county, one and one-half miles north of Larwill. Here his wife died in 1882, and on March 20, 1889, Mr. Sappington was united in marriage to Mrs. Elizabeth Hoaf, who survives him. The deceased united with the Methodist Episcopal church in 1857, and remained to the last a devoted follower of that faith. He was ill but six days, having been stricken with paralysis June 22, while attending services in the M. E. church at Larwill, of which he was a trustee. He had but recently donated to the congregation land upon which to erect a new church in the village.

FUNERAL ANNOUNCEMENTS.

Stephan.—Funeral services of William E. Stephan will be held Wednesday afternoon at 2 o'clock from the residence, 101 Wall street, and at 2:30 from St. John's Lutheran church.

Baughman.—Funeral services of Harry A. Baughman will be held Wednesday morning at 8:30 from the residence and at 9 o'clock from the Church of the Precious Blood.

Heazlitt.—Short funeral services for the late Garra P. Heazlitt will be held Wednesday morning at 10:30 from the residence, 9 Huffman street, after which the remains will be taken to the old home at Coil, Ohio, for interment. Mr. Heazlitt was 37 years, 7 months and 21 days of age. He leaves a widow, two little daughters, Eva and Ella, and a little son, Dey, to mourn his loss.

DOCTORS AT THE PARK.

Nearly every doctor in Fort Wayne was a passenger to Robison park this afternoon, the occasion being the mid-summer meeting and banquet of the Allen County Medical society. The afternoon session was held in the pavilion and a number of very interesting papers were read. At 6 o'clock there will be a banquet for the doctors and their wives and in the evening they will attend the performance at the theater.

DIVORCE IN SHORT ORDER

HANNAH EGG IS FREED OF CHARLES EGG.

Decree Granted Within a Short Time of Filing of Complaint—The Court House News.

At about fifteen minutes before noon today Hannah W. Egg filed a complaint in the superior court for divorce from Charles B. Egg, and at a few minutes after noon she was a free woman. The allegation in the complaint was extreme cruelty and failure to provide and Attorney Thomas was the conductor who carried the case through in almost record-breaking time.

COURT HOUSE NOTES.

Sheriff Stout has received notice from Richmond saying that Catherine Malo, recently adjudged insane, has been accepted for treatment there. The lady will be sent to Richmond tomorrow morning, accompanied by Dr. Culp, the family physician. The patient lives near Nine Mile.

The damage suit of Hively vs. McDonald is still on trial before Judge Aiken and the superior court jury, but it is expected the evidence will all be in today.

Judge Aiken has under consideration the divorce case of Nancy Lowry vs. Jesse Lowry, filed some weeks ago. One more witness remains to be examined, when a decision in the case will be rendered.

The county commissioners will meet tomorrow, when it is expected that some decision will be made regarding the date of the holding of the court house dedicatory ceremonies. President Orff, of the board, said to The Sentinel that while no date had yet been agreed upon by the commissioners, it is almost a settled fact that the ceremonies will be held some time in September, and that they will be of a purely formal character and that the expenses will be paid by the county.

Sarah LaBoub has filed divorce proceedings against Julien LaBoub alleging abandonment. The parties were married in 1886.

Kittie Runyan sues Ivy L. Runyan for divorce alleging abuse, extreme cruelty and failure to provide. The parties were married in November, 1900, and have a child sixteen months old of which the mother asks the custody.

William F. Dinnen has filed his bond as a notary public.

Judge O'Rourke as special judge of the Allen superior court, in the change of venue case of Lucretia Wagner and George Wagner vs. Sarah Eldred and Danford Eldred, being an action for a new trial of the case in which formerly Judge O'Rourke decided in favor of Eldreds aganist Wagners, has on motion of the Eldreds dismissed the case.

IN JUSTICES' COURTS.

David Baker, of Lafayette township yesterday afternoon gave bond in the sum of $200 to appear in Bullermann's court this afternoon to answer to paternity charges preferred by Miss Nora Carpenter, an 18 year old girl. The child of which Baker is accused of being the father is about three weeks old but he denies being in anyway responsible for its existence. He openly declares that the charge is the result of a conspiracy and is for the purpose of blackmail to which he will not submit.

Ed Boyle, a Hoagland saloonkeeper, arrested for violation of the liquor laws at first thought he would show fight but later thought better of it and pleaded guilty to two charges. He was fined $1 in each case which he paid.

In Tancey's court Samuel McQuown charges Mark Ormiston with having assaulted and battered him. The cause will be heard as soon as the constable can find Mark.

Justice Tancey this afternoon fixed up a mess at the Harrington block on Fairfield avenue by fining both parties to two provoke cases. Henry F. Close charged Edward Kerns with provoke and after the testimony was heard the justice took the matter under advisement while he heard the case in which Edward Kerns charged Henry F. Close with provoke. Then the justice deliberated on both cases, fined each defendant a dollar and admonished them henceforth to live as good neighbors or else keep their troubles otu of court. They agreed to do so, reviewed the cases again and ambled down stairs.

Mrs. Fred Breimeyer and Miss Louise Baumgardt, the latter a teacher in Emmaus Lutheran school, left this morning for Kansas City, where they will attend the wedding of Miss Clara Baumgardt and Rev. Henry Heise July 9. The bride-to-be was formerly a teacher in the Emmaus schools.

save his party from the consequences of beet sugar control in the senate. It is said that the president will at once call an extra session of the senate to ratify a reciprocity treaty about concluded between the United States and Cuba and that in event of failure of that treaty to receive ratification he will convoke the whole congress and submit a message urging the Cuban matter. The president, however, is not so egregious a blunderer in politics as to do that. He will not be disposed to put the party wholly on the defensive in the coming campaign with the majority in the house at stake and in peril.

Mayor Berghoff has issued another order directing the police to compel observance by saloons of the mayor's twelve o'clock regulation, to suppress public gambling and to clear Columbia street of dives. A year ago or thereabouts a similar order was issued and violation of it within a few months became so flagrant as to amount to complete contempt for the laws regulating saloons, prohibiting gambling and the like and for all orders based on those laws. We have no present comment to make on the mayor's most recent "drastic order." It is a good order. It takes cognizance of conditions that are disgraceful. It contemplates reforms that are admirable. But—is it a mandate upon the police department or a perfunctory communication? Will it "go" for a week or fortnight or perhaps a month and then fall into a state innocuous desuetude, as have former orders? We shall see. The mayor's orders, like Jack Bunsby's philosophy, depends on the application of it.

AN ATHLETIC PROGRAM.

A meeting of the committees of the young men's societies of the First Baptist and First Presbyterian churches was held last evening at the First Presbyterian church and the program for the track meet Saturday, July 26th, was chosen. It will consist of fifty, 100, 200 and 440-yard dashes, half-mile run, shot put, hammer throw, running high and broad jumps, pole vault, 120-yard hurdle, one and two-mile bicycle race. There will also be a five-mile open bicycle race. No prizes will be given for the events, but the team winning the most points will receive a handsome silk banner, suitably inscribed. The various committees were instructed as to their duties and will meet in about a week to make final arrangements. The field meet will be held at the Driving park and one of the city bands will be engaged to furnish music. Some of the foremost athletes of the city are members of the two teams and the field day promises to be one of the best of the year.

HUMANE OFFICER'S REPORT.

To the Officers and Members of the Fort Wayne Humane Society: The following is my report for the month of June, 1902:

—Human Beings.—

Number cases investigated	16
Number cases not substantiated	1
Number cases destitute families who called for aid	1
Number children in these families	4
Number homeless children	4
Number children kept in improper homes and ordered removed	2
Number incorrigible children called to warn	2
Number children beaten or otherwise abused	1
Number old persons abused by their children	1
Number drunken men prosecuted and convicted for abusing their families	2
Number wife-beaters warned	2
Number neighborhood quarrels called to settle	1

One woman, the mother of four children, left her family in a neighboring village, came to this city and went to live in a road house. The husband came to see me and asked me to make her go home, which I did by threatening to arrest her if she did not go home.

Number persons warned	12

—Animals.—

Number cases investigated	10
Number cases drivers of lame horses warned	7
Number animals unfit for further use killed at owners' request	2

One man was prosecuted for unnecessarily whipping a horse.

A coop full of very young chickens were shipped from Texas to Cleveland via Detroit. At this point they were turned over to the Pacific Express company by the Adams Express company. Four or five of them were already dead and many looked as if they could not remain alive to the end of the journey. The arrangement for giving them water was very poor, only a small tin can with a hole cut in the end. It was impossible for all of them to get a drink before the can was upset and the water spilled. Mr. Wilson, our president, was with me when I went to see them. I asked the man in charge to give them bread soaked in water, which he promised to do. The fowls were at the Wabash depot. They were to be taken to Detroit by rail and then to Cleveland by boat. The little things were about two months old and this journey is too much for a full grown chicken packed in a coop in such hot weather as that day was.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. WILL INSTITUTE A LODGE.

Grand Master T. D. Neal, of the A. O. U. W., assisted by the officers and some of the members of the three local lodges, Nos. 19, 36 and 50, will institute a lodge of the order at New Haven tonight. A team selected from the three Fort Wayne lodges will have charge of the initiatory work. The new lodge will start with thirty members and those interested feel confident in their ability to swell the membership to double that figure within a year. Following the lodge exercises the visitors and the new lodge members will indulge in a banquet, which will continue up to the moment of arrival of the train which will bring the Fort Wayne delegation home. They will go to New Haven on Nickel Plate train No. 4, which leaves this city at 7:55 o'clock, and return on train No. 5 at 2:35 o'clock the following morning.

ROBISON PARK THEATER.

The performance last night at Robison park attracted a good sized audience, which seldom occurs on a Monday evening. The vaudeville bill is made up of high-class artists. Ben Riggs is a comedian of merit, his parodies and jokes are new and up to date in every way and are delivered in an original manner. Ruth Nelta, the singing comedienne, is a charming young woman who possesses a wonderful voice and who is gifted with a sense of humor rarely found in a woman. Prof. Tony Ryder and his troupe of wonderful performing monkeys furnish enough entertainment alone for an ordinary vaudeville. The five Nosses introduce a novel act in the way of a musical. The Robyns, Mr. and Mrs., present the latest of one-act comedies, called "The Morning After." The pictures shown by the polyscope, a moving-picture machine, are also very good. The views are all new and interesting.

CONDITIONS ARE IMPROVED.

The crop outlook today is regarded more hopefully by farmers, and several of them stated that if fair weather continues during the week, considerable of the oat and hay crop can be saved. The warm sun caused the rain-beaten grain to rise considerably and although harvesting will be accomplished with the greatest difficulty owing to the tangled stalks, it is believed that a fair percentage can be saved.

TENT PROJECT DROPPED.

The Ministerial association has decided to drop the project of holding tent evangelical services in Fort Wayne during the summer and the committees that have been soliciting funds to purchase the tent have given up their work. Several of the ministers are not favorable to the idea, as it incurs much extra work during the hot months.

We Ask You to Investigate

No man with a little idle money should miss this opportunity to acquire a block of the Treasury Stock of the

Cap Sheaf Copper and Gold Co.

Limited, Non-Personal Liability.

The property is well located, is paid for and is developed far enough to prove it the best proposition before the public. It has water, timber, transportation to smelters, and rich ores. Nothing more is necessary except to go to work and get out the gold and copper. This requires money (not a great deal) for machinery, equipment, etc., and to get it quick a portion of the Treasury Stock is offered at the low price of 25 cents per share. Only a little will be sold at this price—none will be sold at any price except for development purposes.

The Cap Sheaf Copper and Gold Company is capitalized at Two Million Dollars, the par value of shares is $1.00. We want to demonstrate to you that we have a property that will with a little further development be shipping ore and paying good dividends. Will you give us an opportunity to do this?

We have a gold mine that is just as much of an industry as making soap or packing hogs—one that is just as safe and sure and that will be far more profitable. The element of speculation does not enter into the proposition at all, for we have 50 tons of high-grade ore in sacks ready for shipment to the smelter and thousands of tons in sight. Money is needed to set the wheels in motion and to accelerate the golden stream that will certainly bring splendid returns to every purchaser of the stock offered.

Let us show you the ore and give you full particulars. If you will give the matter careful consideration we believe that you will want to join us. Write today.

Young Man of Spirit
Next Friday is the "FOURTH"

IT is 126 years since that glorious "Fourth" on which the Declaration of Independence was signed, and yet we love the day as did our great grand fathers. Our hearts swell with patriotism as we think of the words of John Adams or hear some one singing or playing "The Sword of Bunker Hill." When we think of the change that has taken place since 1776, we feel how important it is that we should live right, do right and think right. But while we are living right, doing right and thinking right—why not be comfortable? Many a man has done wrong because he has been made to feel uncomfortable. Our greatest aim is to make every man and boy in Fort Wayne comfortable, with the exception of our competitors, and if it was not for your interests we would not make them uncomfortable.

To Be Comfortable—To Be Well Dressed

You should wear one of our "Stein Bloch" or "H. S. & M.," two-piece flannel suits. They are the only thing for comfort, and whether you are short and stout, or tall and slim, we can fit you. Prices $5.00 to $18.00. You will then need one of our white soft shirts, a black tie, and perhaps a "Knox" straw hat.

THE KIND THAT CARRIES CONVICTION TO EVERY FORT WAYNE READER.

Conviction must follow such emphatic proof as is given here. The testimony of Fort Wayne residents should satisfy the most skeptical. Here is a Fort Wayne case. Read it and see if doubt can exist in the face of this evidence:

Mrs. Anna Long, of 30 Wells street, says: "I suffered a great deal with backache and other symptoms of kidney trouble not necessary to mention, but the first few doses of Doan's Kidney Pills, sold at Meyer & Co.'s drug store, relieved me and I was soon cured. A number of my neighbors also used the remedy and all of them speak of it in the highest terms."

CALLED TO B. & O.

PETER RAIDY AND HARRY HUSTON ADVANCED.

A. W. IRELAND PROMOTED

GOES TO HAMLET AS JOINT CAR INSPECTOR.

FIREMEN HAVE AN ELECTION

ALSO ANNOUNCE A CHANGE IN GRAND OFFICE.

Peter J. Raidy and Harry M. Huston, two of the best known train dispatchers in the employ of the Pennsylvania company, have received notice from the Baltimore and Ohio officials to report to the transportation department of that road for duty. Mr. Raidy is instructed to go to New Castle, Pa., and Mr. Huston to Cleveland, Ohio. Neither has been informed of the title or character of the position which awaits him, but they are given to understand that it is a decided advance in the ranks and they willingly obey orders. With this end in view they have tendered their resignations to the Pennsylvania local officials and will leave for their respective places as soon as arrangements have been completed for filling the vacancies in the dispatchers' ranks here. Mr. Raidy commenced work for the company in 1876 and after a service of several years as operator and later as dispatcher, he left the service and entered the employ of the Western Union company and for twelve years was engaged in commercial and press work. During that term Mr. Raidy worked at various times in the important cities between New York and Omaha. Eight or ten years ago he resumed his old position in the Pennsylvania offices in this city and has been a dispatcher ever since. Harry Huston has been employed in the telegraph and train dispatching offices at this place for fourteen years. Before coming to Fort Wayne he was employed first as a messenger and apprentice and later as an operator in the Nevada, Ohio, office of the company. For some months he served as special assistant trainmaster of the western division, but has been doing regular dispatching for some months. These resignations will result in a number of changes in the telegraph and dispatchers' office, but The Sentinel was unable to learn who would be affected by them.

CHANGE IN CAR INSPECTORS.

J. E. Wooley, who was assistant car inspector for the Pennsylvania and the Indiana, Illinois and Iowa roads at Hamlet, Ind., has been appointed chief inspector at that place, to succeed August Humbke, deceased. A. W. Ireland, of this city, has gone to Hamlet to take the place made vacant by the promotion of Mr. Wooley. Mr. Ireland has been employed as a car repairer at the east shops for some time. While the office at Hamlet is a joint affair in which both roads share in its maintenance, the Pennsylvania company has complete control of it and fills all vacancies.

AIR BRAKE CAR TO CHICAGO.

Capt. H. M. Deihl, air brake instructor, and his car will go to Chicago on train No. 11 this evening to instruct the Pennsylvania men who are interested in the use of the high speed brakes. The work will keep Captain Deihl in the Windy City about ten days.

FIREMEN ANNOUNCE ELECTION.

A. G. Porter lodge No. 141, Brotherhood of Locomotive Firemen, counted the ballots for the annual election of officers last night and made the announcement of the result. Interest in the election was unusual, because of the number of aspirants for honors, and this brought a big crowd to the meeting last night. During the counting of the votes recess was taken and the firemen not employed in counting votes engaged in a pedro game. Voting was through the mails and this has been in progress ever since the nominating meeting a month ago. This method gave every member an opportunity to vote and at his leisure. The roster is as follows:

Master—H. S. Rodeheaver.
Secretary—G. W. Erwin.
Treasurer—O. E. Maxwell.
Trustee for Three Years—C. E. Jerome.
Legislative Representative—P. O'Hara.
Delegate to Grand Lodge—G. W. Erwin.
Alternate Delegate to Grand Lodge—H. F. Harper.
Vice Master—Thomas Albright.
Collector—R. C. Chase.
Medical Examiners—Drs. Wm. Enslen and G. B. Stemen.

During the meeting a circular announcing the change [illegible] the grand office was [illegible] Sargent, the grand three most [illegible]

the office of commissioner of immigration, to which he was appointed two months ago. J. J. Hannahan, first vice grand master, will be the acting grand master until the meeting of the convention, September 8, when a successor to Mr. Sargent will be elected. Mr. Hannahan is a candidate for that honor, but if he is no stronger elsewhere than here he will not get the office.

FELL FROM HIS WHEEL.

W. G. Page is carrying his right arm in a sling and will be unable to follow his usual vocation for awhile. Yesterday he was thrown from his bicycle and his right shoulder and arm were badly sprained and bruised. Mr. Page is a machinist, employed in the Pittsburg round house.

BOILERMAKERS' EXCURSION.

The committee on arrangements for the excursion to be given to Bawbees on Saturday, July 26, by Summit City lodge, No. 54, International Association of Boilermakers and Ship Builders, held a meeting last night to discuss the matter and to arrange for getting out the tickets and advertising matter. The boys propose to make this one of the best excursions of the season.

WORKING OVERTIME.

The employes in the tool room, the blacksmith shop, the incandescent testing room, the foundry and the fixture room of the Fort Wayne Electric works are compelled to work overtime. For several nights they will work until 9 and 10 o'clock. The shops are behind with their work and the extra hours are necessary to prevent serious embarrassment from that source.

ENTERS ANOTHER YEAR.

Julius Koch today began another year of his service in the Pittsburg shops. He also entered upon another year of life, being forty-six years old. Mr. Koch began working in the shops as an apprentice in the machine room in 1874 and has remained there constantly since, the only change being the transfer from apprentice to mechanic.

PUTTING IN MATERIAL TRACK.

Measurements were made this morning for a track through the Pittsburg machine shop, running east and west, to be known as a "material track" and to be used exclusively for carrying building material in the erection of the new shop. The machinery in the way of the track will be removed in a few days.

BAPTIST EXCURSION.

The Baptist Sunday school excursion to Rome City this morning was sufficient to fill three extra coaches to their full seating capacity. There were between 150 and 175 tickets sold, and in addition there were about 75 little ones not required to get tickets, making the party 275 or upwards. They went to the resort on train 7.

FOREMAN TREECE SURPRISED.

Forty or fifty of the friends and neighbors of Foreman George Treece, of the Wabash warehouse, gave that gentleman a surprise last evening in honor of his thirty-fourth birthday. The amusements of the evening were music and games, and a delicious lunch was served later. Mr. Treece was made the recipient of several presents from the visitors, among them a handsome watch charm emblematic of the A. O. U. W., a pair of pretty cuff buttons and a fine chair. The party was a most pleasant one.

Three New England roads have decided to abandon oiling of their roadbeds to keep down dust, and will ballast them with broken stone, which at first is expensive, but when once down the rain washes it and there is no further trouble from dust.

Ed Koenig, one of the employes of the Pennsylvania freight office, has gone to Dayton, Ohio, ostensibly to visit relatives. The "boys" at the office say his mission is of a different character and that when he returns he will be accompanied by a bride.

The Union Pacific has discharged 500 more employes from their shops in Wyoming, making 650 dismissed since June 13. It is understood that as a result of the strike the shops will be closed permanently, and this action has produced a panic in the town, as $75,000 per month was disbursed at that point.

The new wage scale of the trainmen on the Iowa Central has been fixed and there will be no further trouble. On through freight runs wages have been changed from $2.90 for conductors and $1.90 for brakemen to $3 and $2, and from $2.90 and $2.3[illegible]

BASE BALL.

All the leagues except the American seem to have got along very well yesterday and had little interruption on account of rain. In the American, however, rain interferred everywhere except at St. Louis where a double header was played, the first one being won by Cleveland by a very one-sided score and the second proved a tie after fifteen innings had been played. Three thousand people saw the games. In the National league, Flood, an old Fort Wayne Inter-state player lost the game for Brooklyn and at Chicago two games were played the score in each being precisely the same. The total attendance at three games was 6,700. In the American association games were marked by small and very close scores only seven runs being made in the three games played. St. Paul beat Columbus 2 to 0, Milwaukee beat Louisville 2 to 1 and Toledo and Minneapolis made a run apiece in 12 innings and quit. Seven errors and 37 hits were made in the three games to which 3,572 people paid admission. The results are given below:

THE MARKETS.

Chicago, July 1.—Some reaction from yesterday's excitement was noticeable in the grain markets at the opening, although they were still "weather" markets and prices were therefore firm. Deliveries on July contracts were light. September wheat opened unchanged to ¼c higher at 73⅝c to 73⅞c and on renewed covering by shorts ascended to 74¼c, around which the market held steady for some time. Liverpool was higher, but the advance was disappointing to the bulls in view of the bulge here yesterday. Minneapolis and Duluth reported 295 cars. Local receipts were 87 cars, 10 of contract grade, making a total for the three points of 382 cars, against 284 last week and 344 a year ago.

September advanced later to 75⅝c on covering and closed strong ¾@⅞c up at 74¾@74½c. July wheat touched 77¼c and closed at 75⅝c.

September corn opened unchanged to ⅜c higher at 63c to 63⅜c, sold to 62¾c on profit-taking, and then reacted to 63⅛c. There seemed to be a disposition to look more calmly at the weather map, although reports still showed a wet area of corn fields. Deliveries on July contracts were light during the first hour—50,000 or 100,000 bushels—and it all went to the bull manipulators. The option opened at 72½c to 73c and sold to 73½c. Receipts were 279 cars.

Near the close July corn shot to 78c on covering, but reacted to 73¾c and closed 1½c higher at 74c.

Deliveries on July contracts during the day were 2,500 bushels, all of it going to the manipulators. This had much to do in scaring shorts. September corn closed ⅛c lower at 62⅞c, the July bulls having sold liberally.

Oats were also more quiet. September opened unchanged to ¼c lower at 35c to 34¾c on profit-taking, but reacted to 35⅛@35¼c on buying by the general crowd. Receipts were 288 cars.

Provisions were dull but steady in sympathy with the firmnes of the hog market. September pork opened 2½c up at $18.52½, and September lard a shade improved at $10.65. There was no quotation of September ribs during the first hour.

Gives Residents Remote From Postoffice Some Facilities Not Heretofore Enjoyed.

The seven postal sub-stations recently authorized by the postoffice department at the solicitation of Postmaster Page were inaugurated in Fort Wayne today, and residents of sections somewhat remote from the postoffice will doubtless be highly pleased with the innovation. For the information of the general public The Sentinel will again state that the location of the new sub-stations are as follows:

Station No. 1—George A. Clapesattle, 2514 South Broadway.

Station No. 2—David L. Benton, 1240 West Main street.

Station No. 3—Christian H. Albersmeyer, Wells and Third streets.

Station No. 5—H. W. Meinzein, 1118 Maumee avenue.

Station No. 6—Jacob Bill, jr., 1401 East Creighton avenue.

Station No. 7—Louis S. Soest, 1908 Calhoun street, near Pontiac.

Each of these stations is equipped with a stock of $100 worth of the most commonly used varieties of stamps, stamped paper and stamp books, a full registry equipment and is prepared to sell and pay postoffice money orders. These will be sold at any hour at which the business houses, all drug stores save one, are open. Mail boxes are in close proximity to each station and carriers will make the collection of registered matter.

FRESH ORDERS TO POLICE

MAYOR WANTS SALOON LAWS ENFORCED.

Public Gambling to be Suppressed and Joints Cleared of Females —Police News.

Yesterday the mayor called the attention of Superintendent Gorsline to the fact that the provisions of his order issued over a year ago regarding the prompt closing of saloons at midnight, the total suppression of gambling and the elimination of disreputable women from Columbia, Lafayette, Main, Barr and other named streets, was being totally disregarded. He reminded the superintendent that he issued the order for the purpose of making reforms and for no other purpose, and that he would hold officers personally responsible for its observance in the future. The result was that the superintendent issued a supplementary order to his subordinates reiterating the previous order and accompanying it with the letter from the mayor. The result was that last night every saloon in town so far as known was hermetically sealed at midnight and the strict spirit of the order was complied with. The order was brought about by the recent suit of C. M. Flinn who claimed to have recently lost money in town by gambling, and was furthered by a fracas in a saloon near the transfer corner on Saturday night after midnight, during which a customer who refused to drink with a convivial patron of the bar was thrown through the glass street door.

The text of the order by the mayor is as follows:

Fort Wayne, Ind., June 30, 1902.

Homer A. Gorsline, Superintendent of Police: You are hereby notified that all women of bad repute must be removed from all business streets, such as Columbia, Calhoun and Lafayette, on or before August 1; also, all professional gambling, such as faro, poker and others, must be stopped at once, and if continued all paraphernalia must be seized and arrests made. I have been informed that some of the saloonkeepers are continously violating the order of closing their places of business at midnight. This rule must be uniformly enforced, and if not done, I shall hold the officers in charge responsible for such violations. Under no circumstances will women of known bad character be tolerated around or about any saloon, and if found there arrests must be made on sight. Instruct your officers to carry out the intent of this order without malice or favor and with good, sound judgment.

Henry C. Berghoff, Mayor.

The order issued by Superintendent of Police Gorsline is as follows:

The enclosed letter from his honor the mayor explains itself. Since the issuance of the circular of May 14, 1901, setting forth the position of the present administration upon the saloon, gambling and other questions of importance to our department, it seems that while the officers were strict and a general observance of the order prevailed for awhile, they have now become somewhat lax in preserving the conditions as they should be, and as a result it has been reported that quite a number of violators of the law have been allowed to go unpunished and have neither been reported nor prosecuted.

In the future each officer will, upon a violation of the law, come to headquarters the following day prepared to file affidavits against the aggressors. All sporting-house keepers on Columbia, Lafayette and Calhoun streets will be notified that they must close their places and have the women out of their houses on or before August 1, 1902. There will not be any women of known bad repute allowed in or above saloons. The 12 o'clock rule must be observed, as also the order against public or professional gambling. The officers on duty can control all these evils, and it is expected of them that they do it.

The letter from the mayor is plain, and there should be no difficulty in understanding it.

H. A. Gorsline,
Superintendent Police.

SALOONKEEPER FINED.

There was nothing doing at police court this morning save the hearing of the case of the state against H. P. O'Reilley, charged in the first place with violation of the Nicholson law. The case was continued from yesterday morning and the affidavit was changed so as to charge selling liquor after 11 o'clock at night. To this charge a plea of guilty was entered and a fine of $10 and costs, amounting altogether to $20, was assessed and paid.

Superintendent Gorsline is at Michigan City, where he yesterday delivered Frederick Dawsey to the penitentiary. He will return this evening.

Charles Stearn, whose home is at Wauseon, Ohio, but who is at present boarding at 311 Grand street, reported loss $15 in some way. Stearn was ready to swear he knew he had not lost it, he was sure he had not given anyone of taking the money out of his room, but thought its disappearance was exceedingly strange. Lieutenant Lapp investigated and learned that Mr. Stearn and a friend or two had been out celebrating in a mild sort of a way, and when he questioned Stearn he was not positive whether he had lost it on the street, whether it had been stolen or whether he had spent it.

A man named Drey, first name not given, reported to Officer Petgen that his son-in-law, named Ormiston, first name also not given, had assaulted him, pulled him out of his buggy and had beaten him. Officer Petgen reported the matter to police headquarters.

Officer Collins yesterday evening assisted J. W. Bell in recovering a set of harness which an obstreperous customer refused to pay for or return.

The St. Joe river is getting the best of the St. Mary's on the present flood and is making by far the best record. Water at the junction of the rivers is backing up the St. Mary's almost as fast as it is escaping down the Maumee. The greatest sufferer on public contracts by the present stage of high water is Contractor Dreihelmer, who is rendered almost helpless in his work in the neighborhood of pumping station No. 2.

WANTED THE PEN

PRESIDENT USED TO SIGN PHILIPPINE BILL.

BUENCAMINO GETS MEMENTO

FILIPINO LEADER CALLS ON THE PRESIDENT.

ADJOURNMENT OF CONGRESS

CLOSING SCENES IN HOUSE AND SENATE.

Washington, July 2.—Senor Buencamino, who has been sojourning in this country, today called upon President Roosevelt and requested the pen with which he signed the Philippine government bill, as he desired to preserve it and eventually place it in some public library in the Philippines. The pen already had been given to Senator Lodge, chairman of the Philippine committee, but as he happened to be present at the time he presented it to Senor Buencamino. When the latter left the white house he remarked that the Philippine bill initiated self-government in the islands. He also paid a high tribute to President Roosevelt.

CLOSE OF THE SENATE.

Washington, July 2.—After a session marked by some of the stormiest debates ever heard in the American congress the senate adjourned sine die at 5:30 yesterday afternoon. During the last hours of the session there was a tart debate on the Philippine question participated in by Messrs. Carmack, of Tennessee, Spooner, of Wisconsin, Culberson, of Texas, McComas, of Maryland, and Lodge, of Massachusetts. The conference report on the Philippine government bill was adopted without very serious opposition and then when the decks of the senate were cleared for adjournment Mr. Carmack called up his resolution providing for a continuance of the investigation of the Philippine commission and for a visit to the Philippines by the committee during the present summer. This started the trouble, and for more than an hour a battle of words was waged. Mr. Spooner delivered a scathing denunciation of the minority of the Philippine committee for what he declared was an attack on the American army. Mr. Carmack denied that any attack had been made on the army and declared that any fool could charge such a calumny and any parrot could be taught to repeat it. The resolution was referred to a committee, thus effectually killing it.

Just before adjournment the usual resolutions were adopted, including one by Mr. Cockrell, the venerable democrat of Missouri, cordially thanking President Pro Tempore Frye for "the dignified, impartial and courteous manner in which he had presided over the deliberations of the senate." After the adoption of the resolution Mr. Frye responded briefly and then declared the senate adjourned without day, having disposed of the conference reports on the bills that had been in dispute.

ADJOURNMENT OF HOUSE.

Washington, July 2.—Amid a scene of enthusiasm that has not been paralleled since the exciting and stirring days of the Spanish war, Speaker Henderson, at 5:30 o'clock yesterday afternoon, declared the house of representatives adjourned without day. In doing so he said that no house of representatives since the adoption of the constitution had done as much work as this one. The audience to which he made his brief address was a brilliant one. The galleries were banked to the doors and almost two-thirds of the members were in their seats on the floor. The speaker's appreciative words to the members in thanking them for their co-operation during the session had touched a responsive chord, and they gave him a remarkable demonstration of their friendship and good will.

While the cheering and applause were still in progress the members on the floor began singing "My Country, 'tis of Thee." It was taken up by the correspondents in the press gallery over the speaker's chair and by the spectators in the surrounding galleries and soon the vast hall was ringing with the swelling chorus. Other patriotic airs followed as the members exchanged farewell, "The Star-spangled Banner" alternating with "Dixie." The speaker came down from his rostrum, his appearance on the floor being greeted with "For He's a Jolly Good Fellow," and a perfect rush of members to grasp his hands. Standing in the area in front of the clerk's desk, he too joined in the songs, and there was a wild scene, when General Hooker, of Mississippi, the one-armed confederate veteran, took his place by the side of the speaker and together they sang "Dixie." Mr. Candler, a Mississippi democrat, jumped on a desk and gave a yell of jubilation that fairly shook the rafters. For almost half an hour the jubilation continued. All this time the spectators remained standing in the galleries watching the animated scene below and joining in the singing.

MINOR BILLS PASSED.

The adjournment came at the end of a seven-and-a-half-hours session, during which much minor business was transacted. In all seventy bills and resolutions were passed. The general good feeling in the house had been heightened by the victory won over the senate on the item in the naval appropriation bill for the building of a battleship in a government yard.

The closing hour was occupied with a spirited debate between Mr. Cousins, of Iowa, and Mr. Richardson, the democratic leader, over the report on the investigation into the charges by Captain Christmas concerning the sale of the Danish West Indies. Mr. Cousins ridiculed Mr. Richardson for bringing the matter to the attention of congress. The latter defended his course.

At 5:28 Mr. Payne, on behalf of the committee to wait on the president, reported that the president had no further communication to make. The speaker then arose, and with evidence of much feeling, addressed the house and when he had finished announced adjournment by a blow with his gavel.

FARMERS WILL TALK OF FAIR

AGRICULTURAL SOCIETY TO MEET SATURDAY.

Stock Subscription is Progressing Nicely—Organization to Occur Next Week.

A regular meeting of the Allen County Agricultural association will be held in the court house assembly room, beginning at 1:30 o'clock Saturday afternoon, and the chief purpose of the meeting is to discuss the preparations for the coming county fair.

Of the $10,000 worth of stock necessary, a total of about $8,075 has already been subscribed, and it is said that at least $1,500 more is easily accessible. The work of collecting this is now going forward, and it is believed the full amount will be subscribed by the close of the present week. In that event the formal organization and incorporation of the fair association will occur next week.

A provisional premium list has been outlined and this will be presented to the meeting Saturday afternoon for consideration. Much interest is being shown in the project to organize a fair association and it is believed there will be no difficulty in perfecting a strong organization.

HAVE DONE GOOD WORK.

At the annual meeting of the South Side Aid society the following officers were elected: President, Mrs. Charlie Stockbridge; vice-president, Mrs. F. E. Tibbles; secretary and treasurer, Mrs. Caldwell. The society has collected $210 since October 14 and of this sum $157 has been expended for charitable purposes, leaving a balance of $53.10. The society gives two dollars a week for groceries for the Children's home besides making liberal donations to the Visiting Nurse league. The ladies meet fortnightly to play pedro, each player being taxed 25 cents, and the money thus collected is used for charity.

GREAT FIRE RAGING.

Cleveland, July 2.—Fire broke out this afternoon in the Kirk-Christy lumber yards, on Seneca street, and quickly spread to adjoining yards and factories. At this hour the flames are apparently beyond control of the fire department and a destructive conflagration seems imminent.

A NEIGHBORHOOD QUARREL.

In Justice France's court this afternoon the surety of the peace case of Lincoln Johnson, on behalf of his wife, against Mrs. William T. Jeffries, is on trial. The case grows out of a neighborhood quarrel.

Mr. and Mrs. W. F. Byrket, of New Castle, Ind., are visiting friends in the city.

London, July 2.—At Buckingham Palace the following bulletin was issued at 10 o'clock this morning on the condition of King Edward:

"The king had another excellent night and is making steady progress in all respects. The wound is much less troublesome and is beginning to heal.

Signed "Treves,

London, July 2.—The following bulletin was issued from Buckingham palace at 7 p. m.:

"The king maintains his steady progress. The local pain being less, the days are passed with greater comfort.

"(Signed) "Treves.
"Laking.
"Barlow."

London, July 2.—The review of the East Indian troops today was largely a repetition of yesterday's function, but the varied coloring of the uniforms of representative corps from all parts of Hindustan formed an altogether more picturesque spectacle. Queen Alexandra was again the central figure of the proceedings and the public welcomed the opportunity to testify once more its sympathy with her on account of her recent anxiety and its congratulations at the continued good news regarding King Edward's condition. The review procedure of yesterday was followed. About 1,300 dark-skinned troops, headed by a detachment of the body-guard of the viceroy of India, Lord Curzon of Kedleston, reached the Horse Guards' parade to the strains of Sousa's "Hands Across the Sea." The members of the royal family who reviewed the colonials yesterday traversed the lines of the soldiers of the Indian empire. The prince of Wales, representing the king, standing by the side of his mother's carriage, took the salute, and the proceedings ended like those of yesterday, with cheers for the king, led by the duke of Connaught, the Indians drawing their swords and waving them wildly as they joined in the cheering.

On returning to the palace the queen appeared at an upper window and took several snap shots of the Indian troops as they marched past on their return to camp. The Indians recognized the queen-empress and each detachment cheered as it passed.

The British fleet, which assembled off Spithead for the proposed coronation review, dispersed.

TO BEGIN WORK AT ONCE.

S. B. Fleming drove over the line of his right of way between here and New Haven yesterday, in company with an interested party in the construction of the new electric line between that town and this city. He said to The Sentinel that he is awaiting word from an experienced, practical building engineer with whom he expects to close a contract within a day or two and that he would then be ready to commence immediate operations. He feels satisfied that active work on the grading of the line can be commenced during the present month and he expects to have not less than three gangs working on separate sections from the outset. Work will be commenced on the New Haven end and two and a half months is all the time he thinks will be required to bring the line to the city limits, and then the city streets will be attacked with a gang on every block. "I did not put up my $5,000 forfeit to lose it," said Mr. Fleming, laconically, as the interview closed.

WERE SOMEWHAT SURPRISED.

Dr. and Mrs. T. H. McCormick were greatly surprised this morning to receive the announcement of the marriage of their son, Thomas J. McCormick, jr., of this city, and Miss Ethel Mary Ober, of Garrettsville, O., which took place at the bride's home on Sunday. The groom was graduated from Hiram college last Thursday and was expected home on a visit this week. The young people kept the matter very quiet and the announcement of the marriage will be a surprise to the groom's many friends here.

The matter will be taken up at the regular meeting on Friday night and after that it will be all off with Toledo.

Ample preparations to entertain the older ones have also been made and it is proposed to make this celebration the star event of the church since its organization.

NOTABLE DEMONSTRATION FOR RETURNING VETERANS.

Fort Wayne gave a hearty greeting to the sturdy young veterans of the Ninth United States infantry last evening, as the soldiers stopped for a brief time in the city on their way eastward after three years hard service in the Philippines and in China. The fighters reached the city in two trains over the Nickel Plate, the first section carrying companies A, D and C, arriving at 9 o'clock and remaining forty-five minutes; the second at 10:45 stopping for half an hour.

Fully a thousand people were gathered at the Nickel Plate depot as the first section rolled in, and the veterans were cheered as they scrambled out of their quarters, only to be pounced upon by spectators, eager to honor the young soldiers, hear something of the campaigns of the Ninth and to secure souvenirs of the occasion. Upon the first section was company C, which was nearly exterminated in the frightful massacre at Balangiga last September, when Harry C. Wood, of this city, a member of C company, was among the gallant soldiers treacherously slain by the natives. Of the seventy-two men in the company only twenty-five came out of the massacre alive. Of these several later died from wounds, at least two were killed in other battles, so that sixteen are now living, and of these eight were still with the company last night.

TRIBUTE TO WOOD.

All of the men paid the highest tribute to the bravery of the lamented Fort Wayne boy who fell fighting to the last, and as soon as the train stopped Sergeant Pickett, of C company, asked for F. C. Wood, the father of the dead soldier. Mr. Wood was near, and Sergeant Pickett, Sergeant Mumby and other officers called him into the car where with eyes glistening with tears they told the father of the fight at Balangiga, where his son and their comrade had fallen beneath the bolos of the treacherous natives. The soldiers united in paying the loftiest tribute to the sterling qualities of the young soldiers, expressed the highest admiration for the bravery he displayed and referred in the most tender terms to the warm regard in which he had been held by his comrades. The scene was a touching one, and it brought tears to the eyes of hundreds who recognized the import of the meeting of the little group in the coach.

In answer to the questions of hundreds who surged about eager for a glimpse at the men of the Ninth the soldiers told again and again the story of their long campaign in the Philippines and in China, dwelling particularly upon the massacre of company C on that September morning when the peals of the mission church bell had been the signal for the slaughter of the soldiers. The men of company C later secured that bell and had it with them on the train last evening. It is to be preserved by the regiment as a memento of that terrible occasion. Another attraction with company C was "Pedro," a Filipino boy 13 years of age, who will be educated by members of the company. The lad was with the company at Balangiga, and it is to him the survivors probably owe their lives. Pedro was in the soldiers' quarters when the attack occurred, and he quickly passed guns out of the window to the soldiers, so that they were able to make some sort of resistance. The little fellow was one of the centers of attraction last evening, and when Sergeant Mumby called him into the car and introduced him to Mr. Wood, he nodded his head in token that he understood. The crowd wanted a better glimpse of the little Filipino, but when the officers attempted to lift him up so he could be seen the lad burst into tears.

TWO FORT WAYNE BOYS.

Two Fort Wayne boys are yet with the Ninth regiment, and they were given the most enthusiastic greeting by friends last evening. They are Lee Cohen, formerly night ticket agent at the Pennsylvania depot, who is now company clerk of com-

PUMPING STATION RESUMES

FLOOD DAMAGE AT VAN BUREN STREET IS REPAIRED.

Deluge Which Submerged Machinery Is Pumped Out and No Further Trouble Is Feared.

The Van Buren street pumping station, which was out of service for thirty-six hours by reason of a deluge of water which invaded the machinery pit, submerging the big pumps to a depth of nearly nine feet, resumed operations this afternoon and no further trouble is apprehended. It is said the damage is merely nominal.

After many hours of energetic work the pumping of the big volume of muddy water out of the pit was completed at 7 o'clock this morning. Then the workmen began cleaning up the machinery, removing all traces of the deluge, and it is said no damage has been done, either to the pumps or to the building. The trouble started about 9 o'clock Sunday evening, when workmen noticed water pouring into the machinery pit, which is twenty-three feet below the street level.

Excessive rains had washed away the earth from about the big thirty-inch suction pipe installed for connection with the new pump soon to be placed in position there. This permitted the pipe to sink, breaking the packing about it, and muddy water in a perfect deluge came streaming in from a big trench made when the pipes were placed in position, but which could not be hilled up until all connections were complete.

An unsuccessful effort was made to stop the inflow, and then the small pump was started, but it was totally inadequate to carry off the inflow, and the water rose steadily. It filled the space of eighteen inches below the floors, then crept up into the pit little by little until at one time there was a total of nine feet of water in the pit, submerging the pumps and the foundation installed for the new machinery.

When it became apparent that the machinery was to be submerged workmen floundered about in water waist deep, hurriedly applying heavy oil to all exposed portions of the machinery to prevent damage from rust. All day Monday the work of pumping out the deluge was carried forward, while a large number of sacks filled with cement were thrown about the point where the big pipe enters the building. The effort to plug the opening in this manner was finally successful. The inflow was stopped and it permitted the men to make headway in pumping out the water from the pit.

BIG PUMP LOST.

Several days ago the water works department received word that the big pump intended for No. 2 station had been shipped June 24. Up-to-date nothing further has been heard from the pump nor the Holly works. Fear is expressed in official circles lest the pump may have been caught in the recent rain storms and floated away or perhaps may have gone to join Engineer Hoit's report which was shipped from Cleveland nearly a year ago and hasn't got here yet.

CITY HALL NOTES.

This is general payday at the city hall, city officers, councilmen and the members of the board of public safety coming in for their quarterly stipend.

The board of works met yesterday afternoon and transacted no business outside of the regular Monday routine. Several minor petitions for sidewalks were received and filed and the city engineer was instructed to prepare estimates on sidewalks in the Ninth and Tenth wards.

Phillip Sweeney has been granted a permit to remodel his house on Brandriff street at a cost of $500.

POISONING THE SYSTEM.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble, stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Meyer Bros. & Co.

BAILEY'S IRE UP

TEXAS SENATOR ASSAULTS SENATOR BEVERIDGE.

CHOKES THE INDIANA MAN

AFFAIR TOOK PLACE IN THE SENATE CHAMBER.

BAILEY FANCIED ASPERSION

BEVERIDGE REFUSED TO WITHDRAW HIS WORDS.

Washington, July 1.—Senator Beveridge was assaulted by Senator Bailey, of Texas, in the senate chamber last evening, immediately after the close of the executive session. The southern senator seized the Indiana man by the throat with his powerful grasp, but he was dragged away from his opponent by several of the bystanders before serious injury was done. As he was forced back, still struggling to get free, Mr. Bailey was heard to utter words which sounted like a threat of killing.

The encounter was preceded by a spirited colloquy in the open session

JOSEPH W. BAILEY.

of the senate this afternoon, in which hot words passed between Senators Beveridge and Bailey. Mr. Beveridge declared that Senator Bailey had made an "unwarranted attack" upon W. L. Penfield, solicitor of the state department, who was appointed from Delaware county, Indiana.

BAILEY ACCOSTS BEVERIDGE.

At the close of the executive session Senator Beveridge remained in his seat smoking a cigar. As the senators were passing from the chamber Mr. Bailey arose and crossed the room rapidly to Senator Beveridge's seat. He faced the Indiana senator and began to speak rapidly.

"Beveridge," he said, "I don't want to have any trouble with you, but I want you to withdraw those words which charge me with making an unwarranted attack upon Penfield."

"I did not intend to insult you," replied Senator Beveridge, "and there is nothing in my language that you could consider offensive."

THREATENS BEVERIDGE.

"I don't allow any one to say that I libel a man, and that is what you do in making the charge. Now, if you won't withdraw the words when I ask you, I'm going to make you withdraw them."

As Senator Bailey spoke he grew more and more excited. He sat down by the side of the Indiana senator, and, leaning against the desk immediately in front of him, looked Mr. Beveridge squarely in the face. Senator Beveridge did not change his position, and, still puffing at his cigar, replied to his opponent's demands: "I repeat that I did not mean to insult you and that I have nothing to retract."

HAS BEVERIDGE BY THROAT.

No sooner had Senator Beveridge uttered these words than Mr. Bailey sprang forward upon the Indiana senator and grasped him with both hands by the throat. Mr. Bailey is a large and powerful man and the force of the lunge was so great that the chair in which Mr. Beveridge was seated was thrown back against a desk, which was pushed over.

At this point several persons ran from different parts of the senate chamber to the struggling men. Senator Spooner and Senator Hansbrough were first on the spot. Mr. Spooner seized Mr. Bailey by one arm and Senator Hansbrough grasped the other. Both the peacemakers were forced to exert all their strength before they succeeded in dragging the infuriated Texas senator from his opponent.

As his hands were torn from Senator Beveridge's throat he grasped a part of the Indiana senator's neckwear and tore it away. Senator Spooner and Senator Hansbrough were having all they could do to keep Mr. Bailey from Mr. Beveridge when they were reinforced by Senator Bacon and Assistant Doorkeeper Barney Layton.

LIKE THREAT OF KILLING.

The four men managed to push Mr. Bailey to a safe distance, in spite of his struggles to get free. He lunged continually toward Senator Beveridge and was heard to utter something about killing. The captors held the belligerent senator for a few moments, and when he seemed to have regained in part his composure released him. They stood between Mr. Bailey and Mr. Beveridge, as if expecting another attack.

Without further effort, however, he walked away when Senator Bacon urged him to be quiet and led him toward the democratic side. Senator Bacon engaged Senator Bailey in conversation for some time, advising him to cool down. Senator Spooner also went across the aisle and discussed the matter with the Texas senator, urging him to apologize and, if possible, fix it up at once, but Senator Bailey refused all such proffers, declaring that Senator Beveridge had

ALBERT J. BEVERIDGE.

insulted him in the senate and that he had taken the only course, as the Indiana senator had refused to withdraw his remarks.

RAIN DELAYS SURVEYORS.

Willshire, Ohio, July 1.—The corps of surveyers which is surveying the route of the Fort Wayne, Dayton and Cincinnati traction line left this place yesterday afternoon. They are now surveying the road between this place and Decatur and will probably reach the latter place today. They were held here by the rain and bad roads. It is probable that the work will have to be discontinued until the dry weather sets in.

Out of Plumb.

When the wall is out of plumb the building is more or less unsafe, and the higher the wall is carried out of the perpendicular the greater the danger of collapse. It's about so with the health; it is out of plumb when the digestion is impaired, when there is a dull, sluggish feeling, with nervousness, irritability and sleeplessness. Every day that these symptoms are neglected increases the liability to physical collapse.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood and cures nervousness, irritability and sleeplessness by curing the diseases in which they originate.

"For three years I suffered untold agony," writes Mrs. H. K. White, of Ste. Irénée, Stanstead Co., Quebec. "I would have spells of trembling and being sick at my stomach, pain in right side all the time; then it would work up into my stomach and—such distress it is impossible to describe. I wrote to the World's Dispensary Medical Association, stating my case to them, and they very promptly answered and told me what to do. I took eight bottles of Dr. Pierce's Golden Medical Discovery, and five vials of Dr. Pierce's Pleasant Pellets. Thanks to Dr. Pierce and his medicine I am a well woman today. Dr. Pierce's medicines also cured my mother of liver complaint from which she has been a sufferer for fifteen years. We highly recommend these medicines to all suffering people."

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing *only*, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

SOUTHWESTERN SUFFERED.

(Huntington Herald.)

The great storm Saturday night created much havoc along the Southwestern's line. Everything became so wet that it was impossible to maintain the high pressure current, and as a consequence cars were all late. The engine at the power station was kept going all night Saturday in order to permit belated cars to reach the city. During the night so much rain entered the engine pit at the power house that the immense fly wheel was partially submerged, and at 6 o'clock Sunday morning the engine was stopped. It took about an hour and a half to draw the water all out of the pit.

PROPER FOOD

Better Than Ocean Breezes.

It makes a lot of difference in hot weather the kind of food one eats.

You can keep the body cool if you breakfast on Grape-Nuts, for in its predigested form it presents the least resistance to the digestive organs and contains as much nutriment as heavy body heating food, such as meat, potatoes, etc.

Grape-Nuts is probably entitled to the claim to be the most perfectly adapted food for human needs now extant. The meat eater and vegetarian are alike charmed with its crisp taste, the delicate flavor of the grape-sugar and the nourishment to body and brain, while the housewife is attracted by its being thoroughly cooked at the factory and obtained from the grocer ready for instant use with the addition of cream, making it a cool, delicious dish, requiring no hot stove and cross cook on a hot morning.

When Grape-Nuts and Postum Food Coffee constitute the summer breakfast, with the necessary addition of a little fruit, it is not necessary to seek the ocean breezes for comfort, for external heat is unnoticed when internal coolness from proper food is felt. The recipe book in each package of Grape-Nuts gives dozens of delicious dishes.

DRAINAGE SAVES IT.

Referring to the overflow of the prairie lands southwest of the city by the recent rains, Senator Ellison stated this morning that the drainage there was proving very efficacious in carrying away the surplus water, and that the damage to corn wood be extremely small from this source.

Senator Beveridge is probably to be commended for the forbearance to overlook Senator Bailey's violent assault upon him. But if he stands for the epithet, "little runt," which the Texas senator applied to him, he will lose friends and prestige. There are some affronts which human reason requires no man to stand.

Congress has ended its work, but has not finished it by some lengths. The most serious shortcoming of the session is failure of the majority to enact reciprocity legislation for relief of the Cuban republic. That failure is likely to occasion the republicans a great deal of embarrassment in the congressional campaign and not even the record of the president's hard fight for reciprocity will be able to move his party from the consequences of beet sugar control in the senate. It is said that the president will at once call an extra session of the senate to ratify a reciprocity treaty about concluded between the United States and Cuba and that in event of failure of that treaty to receive ratification he will convoke the whole congress and submit a message urging the Cuban matter. The president, however, is not so egregious a blunderer in politics as to do that. He will not be disposed to put the party wholly on the defensive in the coming campaign with the majority in the house at stake and in peril.

Mayor Berghoff has issued another order directing the police to compel observance by saloons of the mayor's twelve o'clock regulation, to suppress public gambling and to clear Columbia street of dives. A year ago or thereabouts a similar order was issued and violation of it within a few months became so flagrant as to amount to complete contempt for the laws regulating saloons, prohibiting gambling and the like and for all orders based on those laws. We have no present comment to make on the mayor's most recent "drastic order." It is a good order. It takes cognizance of conditions that are disgraceful. It contemplates reforms that are admirable. But—is it a mandate upon the police department or a perfunctory communication? Will it "go" for a week or fortnight or perhaps a month and then fall into a state innocuous desuetude, as have former orders? We shall see. The mayor's orders, like Jack Bunsby's philosophy, depends on the application of it.

AN ATHLETIC PROGRAM.

A meeting of the committees of the young men's societies of the First Baptist and First Presbyterian churches was held last evening at the First Presbyterian church and the program for the track meet Saturday, July 26th, was chosen. It will consist of fifty, 100, 200 and 440-yard dashes, half-mile run, shot put, hammer throw, running high and broad jumps, pole vault, 120-yard hurdle, one and two-mile bicycle race. There will also be a five-mile open bicycle race. No prizes will be given for the events, but the team winning the most points will receive a handsome silk banner, suitably inscribed. The various committees were instructed as to their duties and will meet in about a week to make final arrangements. The field meet will be held at the Driving park and one of the city bands will be engaged to furnish music. Some of the foremost athletes of the city are members of the two teams and the field day promises to be one of the best of the year.

HUMANE OFFICER'S REPORT.

To the Officers and Members of the Fort Wayne Humane Society: The following is my report for the month of June, 1902:

—Human Beings.—

Number cases investigated	16
Number cases not substantiated	1
Number cases destitute families who called for aid	1
Number children in these families	4
Number homeless children	4
Number children kept in improper homes and ordered removed	2
Number incorrigible children called to warn	2
Number children beaten or otherwise abused	1
Number old persons abused by their children	1
Number drunken men prosecuted and convicted for abusing their families	2
Number wife-beaters warned	2
Number neighborhood quarrels called to settle	1

One woman, the mother of four children, left her family in a neighboring village, came to this city and went to live in a road house. The husband came to see me and asked me to make her go home, which I did by threatening to arrest her if she did not go home.

Number persons warned	12

—Animals.—

Number cases investigated	10
Number cases drivers of lame horses warned	7
Number animals unfit for further use killed at owners' request	2

One man was prosecuted for unnecessarily whipping a horse.

A coop full of very young chickens were shipped from Texas to Cleveland via Detroit. At this point they were turned over to the Pacific Express company by the Adams Express company. Four or five of them were already dead and many looked as if they could not remain alive to the end of the journey. The arrangement for giving them water was very poor, only a small tin can with a hole cut in the end. It was impossible for all of them to get a drink before the can was upset and the water spilled. Mr. Wilson, our president, was with me when I went to see them. I asked the man in charge to give them bread soaked in water, which he promised to do. The fowls were at the Wabash depot. They were to be taken to Detroit by rail and then to Cleveland by boat. The little things were about two months old and this journey is too much for a full grown chicken packed in a coop in such hot weather as that day was.

MEET IN ST. JOHN'S CHURCH.

The annual convention of Sunday school workers of Zion's classis of the Reformed church will be held in St. John's church, this city, July 30 and 31. There are about ten churches in the classis and between twenty and thirty delegates will be in attendance.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

VACATION DAYS.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. Meyer Bros. & Co.

Mrs. Julius Nathan and son, Charles, are home from a visit in Ligonier.

TWO BOTTLES CURED HIM.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by Dreier & Bro. and Pellens & Polster.

Why not see fine races at Centlivre track next Friday?

WILL INSTITUTE A LODGE.

Grand Master T. D. Neil, of the A. O. U. W., assisted by the officers and some of the members of the three local lodges, Nos. 19, 36 and 50, will institute a lodge of the order at New Haven tonight. A team selected from the three Fort Wayne lodges will have charge of the initiatory work. The new lodge will start with thirty members and those interested feel confident in their ability to swell the membership to double that figure within a year. Following the lodge exercises the visitors and the new lodge members will indulge in a banquet, which will continue up to the moment of arrival of the train which will bring the Fort Wayne delegation home. They will go to New Haven on Nickel Plate train No. 4, which leaves this city at 7:55 o'clock, and return on train No. 5 at 2:35 o'clock the following morning.

ROBISON PARK THEATER.

The performance last night at Robison park attracted a good sized audience, which seldom occurs on a Monday evening. The vaudeville bill is made up of high-class artists. Ben Riggs is a comedian of merit, his parodies and jokes are new and up to date in every way and are delivered in an original manner. Ruth Nelta, the singing comedienne, is a charming young woman, who possesses a wonderful voice and who is gifted with a sense of humor rarely found in a woman. Prof. Tony Ryder and his troupe of wonderful performing monkeys furnish enough entertainment alone for an ordinary vaudeville. The five Nosses introduce a novel act in the way of a musical. The Robyns, Mr. and Mrs., present the latest of one-act comedies, called "The Morning After." The pictures shown by the polyscope, a moving-picture machine, are also very good. The views are all new and interesting.

CONDITIONS ARE IMPROVED.

The crop outlook today is regarded more hopefully by farmers, and several of them stated that if fair weather continues during the week, considerable of the oat and hay crop can be saved. The warm sun caused the rain-beaten grain to rise considerably and although harvesting will be accomplished with the greatest difficulty owing to the tangled stalks, it is believed that a fair percentage can be saved.

TENT PROJECT DROPPED.

The Ministerial association has decided to drop the project of holding tent evangelical services in Fort Wayne during the summer and the committees that have been soliciting funds to purchase the tent have given up their work. Several of the ministers are not favorable to the idea, as it incurs much extra work during the hot months.

We Ask You to Investigate

No man with a little idle money should miss this opportunity to acquire a block of the Treasury Stock of the

Cap Sheaf Copper and Gold Co.

Limited, Non-Personal Liability.

The property is well located, is paid for and is developed far enough to prove it the best proposition before the public. It has water, timber, transportation to smelters, and rich ores. Nothing more is necessary except to go to work and get out the gold and copper. This requires money (not a great deal) for machinery, equipment, etc., and to get it quick a portion of the Treasury Stock is offered at the low price of 25 cents per share. Only a little will be sold at this price—none will be sold at any price except for development purposes.

The Cap Sheaf Copper and Gold Company is capitalized at Two Million Dollars, the par value of shares is $1.00. We want to demonstrate to you that we have a property that will with a little further development be shipping ore and paying good dividends. Will you give us an opportunity to do this?

We have a gold mine that is just as much of an industry as making soap or packing hogs—one that is just as safe and sure and that will be far more profitable. The element of speculation does not enter into the proposition at all, for we have 50 tons of high-grade ore in sacks ready for shipment to the smelter and thousands of tons in sight. Money is needed to set the wheels in motion and to accelerate the golden stream that will certainly bring splendid returns to every purchaser of the stock offered.

Let us show you the ore and give you full particulars. If you will give the matter careful consideration we believe that you will want to join us. Write today.

Young Man of Spirit

Next Friday is the "FOURTH"

IT is 126 years since that glorious "Fourth" on which the Declaration of Independence was signed, and yet we love the day as did our great grand fathers. Our hearts swell with patriotism as we think of the words of John Adams or hear some one singing or playing "The Sword of Bunker Hill." When we think of the change that has taken place since 1776, we feel how important it is that we should live right, do right and think right. But while we are living right, doing right and thinking right—why not be comfortable? Many a man has done wrong because he has been made to feel uncomfortable. Our greatest aim is to make every man and boy in Fort Wayne comfortable, with the exception of our competitors, and if it was not for your interests we would not make them uncomfortable.

To Be Comfortable—To Be Well Dressed

You should wear one of our "Stein Bloch" or "H. S. & M.," two piece flannel suits. They are the only thing for comfort, and whether you are short and stout, or tall and slim, we can fit you. Prices $5.00 to $18.00. You will then need one of our white soft shirts, a black tie, and perhaps a "Knox" straw hat.

50 dozen soft white shirts received yesterday to sell at $1.00 to $2.50, and have plenty of them to sell at 50c. See shirts and flannel suits in our windows.

Dr. Miles' Heart Cure:

"I suffered agonizing pain in the left breast and between my shoulders from heart trouble. My heart would palpitate, flutter, then skip beats, until I could no longer lie in bed. Night after night I walked the floor, for to be down would have meant sudden death. My condition seemed almost hopeless when I began taking Dr. Miles' Heart Cure, but it helped me from the first. Later I took Dr. Miles' Nervine with the Heart Cure and the effect was astonishing. I earnestly invite similar sufferers to give these remedies a trial."

Mrs. E. Fizzelle.

1321 Day St., Philadelphia, Pa.

When I was sick 2 years ago, with nervous prostration, palpitation of the heart, dizziness and general debility, I tried many medicines and several doctors, but grew steadily worse until I was unable to leave my bed, and no one expected me ever to recover. But a friend advised me to try Pastor Koenig's Nerve Tonic and as a last resource, without any hope or faith in it, I tried a bottle and was surprised at its quick results. After using only 2 bottles I was completely cured. Mrs. E. Fizzelle.

The daughter of Mrs. J. Schon, of Kaira, Iowa, has suffered with epilepsy. She used Pastor Koenig's Nerve Tonic, and has not had an attack in three years.

J. J. Carlos from Newark, N. J., says in a letter dated Jan. 12, '99: I believe, that Pastor Koenig's Nerve Tonic did the most good of any medicine I took.

DEATH'S RECORD OF THE DAY

AMANDUS HEISKELL SUCCUMBS TO CANCER.

Jacob Sappington, Who Died Near Larwill, Was an Allen County Pioneer—Mortuary Matters.

Amandus Heiskell, 65 years of age, died at his home, 2426 South Wayne avenue, at 7:15 o'clock this morning, after a protracted illness from cancer.

Mr. Heiskell was a native of Germany, but had resided in Fort Wayne many years. Surviving are the widow and four children—Mrs. John Young, of Wabash, and the Misses Emma, Clara and Lillie Heiskell, of this city.

Funeral services will be held from the residence Thursday afternoon at 2 o'clock.

SCANTLING.

Marguerite Scantling, the infant daughter of Mr. and Mrs. W. H. Scantling, of 1214 Webster street, died at midnight from exhaustion, at the age of two months.

SAPPINGTON.

Funeral services of Jacob Sappington, who died a few days ago at his home in Larwill at the age of 83 years, were held Monday, and the interment occurred near his old home at Monroeville.

Mr. Sappington was a native of Pennsylvania and his life was a long and active one. In 1836 he went with a company from Washington, Pa., to Texas and fought in the revolution then in progress in the territory, which later became an independent republic and later a state in the union. In 1844 Mr. Sappington came to Indiana, settled on the Indian reserve near Zanesville, where in 1847 he was united in marriage to Mary Butt. They were the parents of fifteen children.

In 1848 the family located upon the farm known as the Jackson farm, east of Fort Wayne, and for thirty-six years were residents of Allen county. In 1880 they removed to Whitley county, one and one-half miles north of Larwill. Here his wife died in 1882, and on March 20, 1889, Mr. Sappington was united in marriage to Mrs. Elizabeth Hoaf, who survives him. The deceased united with the Methodist Episcopal church in 1837, and remained to the last a devoted follower of that faith. He was ill but six days, having been stricken with paralysis June 22, while attending services in the M. E. church at Larwill, of which he was a trustee. He had but recently donated to the congregation land upon which to erect a new church in the village.

FUNERAL ANNOUNCEMENTS.

Stephan.—Funeral services of William E. Stephan will be held Wednesday afternoon at 2 o'clock from the residence, 1014 Wall street, and at 2:30 from St. John's Lutheran church.

Hoazlitt will be held Wednesday morning at 10:30 from the residence, 9 Huffman street, after which the remains will be taken to the old home at Cecil, Ohio, for interment. Mr. Hoazlitt was 37 years, 7 months and 21 days of age. He leaves a widow, two little daughters, Eva and Ella, and a little son, Dey, to mourn his loss.

DOCTORS AT THE PARK.

Nearly every doctor in Fort Wayne was a passenger to Robison park this afternoon, the occasion being the mid-summer meeting and banquet of the Allen County Medical society. The afternoon session was held in the pavilion and a number of very interesting papers were read. At 6 o'clock there will be a banquet for the doctors and their wives and in the evening they will attend the performance at the theater.

DIVORCE IN SHORT ORDER

HANNAH EGG IS FREED OF CHARLES EGG.

Decree Granted Within a Short Time of Filing of Complaint—The Court House News.

At about fifteen minutes before noon today Hannah W. Egg filed a complaint in the superior court for divorce from Charles B. Egg, and at a few minutes after noon she was a free woman. The allegation in the complaint was extreme cruelty and failure to provide and Attorney Thomas was the conductor who carried the case through in almost record-breaking time.

COURT HOUSE NOTES.

Sheriff Stout has received notice from Richmond saying that Catherine Malo, recently adjudged insane, has been accepted for treatment there. The lady will be sent to Richmond tomorrow morning, accompanied by Dr. Culp, the family physician. The patient lives near Nine Mile.

The damage suit of Hively vs. McDonald is still on trial before Judge Aiken and the superior court jury, but it is expected the evidence will all be in today.

Judge Aiken has under consideration the divorce case of Nancy Lowry vs. Jesse Lowry, filed some weeks ago. One more witness remains to be examined, when a decision in the case will be rendered.

The county commissioners will meet tomorrow, when it is expected that some decision will be made regarding the date of the holding of the court house dedicatory ceremonies. President Orff, of the board, said to The Sentinel that while no date had yet been agreed upon by the commissioners, it is almost a settled fact that the ceremonies will be held some time in September, and that they will be of a purely formal character and that the expenses will be paid by the county.

Sarah LaBoub has filed divorce proceedings against Julien LaBoub alleging abandonment. The parties were married in 1886.

Kittie Runyan sues Ivy L. Runyan for divorce alleging abuse, extreme cruelty and failure to provide. The parties were married in November, 1900, and have a child sixteen months old of which the mother asks the custody.

William F. Dinnen has filed his bond as a notary public.

Judge O'Rourke as special judge of the Allen superior court, in the change of venue case of Lucretia Wagner and George Wagner vs. Sarah Eldred and Danford Eldred, being an action for a new trial of the case in which formerly Judge O'Rourke decided in favor of Eldreds against Wagners, has on motion of the Eldreds dismissed the case.

IN JUSTICES' COURTS.

David Baker, of Lafayette township yesterday afternoon gave bond in the sum of $200 to appear in Bullermann's court this afternoon to answer to paternity charges preferred by Miss Nora Carpenter, an 18 year old girl. The child of which Baker is accused of being the father is about three weeks old but he denies being in anyway responsible for its existence. He openly declares that the charge is the result of a conspiracy and is for the purpose of blackmail to which he will not submit.

Ed Boyle, a Hoagland saloonkeeper, arrested for violation of the liquor laws at first thought he would show fight but later thought better of it and pleaded guilty to two charges. He was fined $1 in each case which he paid.

In Tancey's court Samuel McQuown charges Mark Ormiston with having assaulted and battered him. The cause will be heard as soon as the constable can find Mark.

Justice Tancey this afternoon fixed up a mess at the Harrington block on Fairfield avenue by fining both parties to two provoke cases. Henry T. Close charged Edward Kerns with provoke and after the testimony was heard the justice took the matter under advisement while he heard the case in which Edward Kerns charged Henry F. Close with provoke. Then the justice deliberated on both cases, fined each defendant a dollar and admonished them henceforth to live as good neighbors or else keep their troubles otn of court. They agreed to do so, reviewed the cases again and ambled down stairs.

Mrs. Fred Breimeyer and Miss Louise Baumgardt, the latter a teacher in Emmanus Lutheran school, left this morning for Kansas City, where they will attend the wedding of Miss Clara Baumgardt and Rev. Henry Heise July 9. The bride-to-be was formerly a teacher in the Emmanus schools.

BASE BALL

All the leagues except the American seem to have got along very well yesterday and had little interruption on account of rain. In the American, however, rain interfered everywhere except at St. Louis where a double header was played, the first one being won by Cleveland by a very one-sided score and the second proved a tie after fifteen innings had been played. Three thousand people saw the games. In the National league, Flood, an old Fort Wayne Inter-state player lost the game for Brooklyn and at Chicago two games were played the score in each being precisely the same. The total attendance at three games was 6,700. In the American association games were marked by small and very close scores only seven runs being made in the three games played. St. Paul beat Columbus 2 to 0, Milwaukee beat Louisville 2 to 1 and Toledo and Minneapolis made a run apiece in 12 innings and quit. Seven errors and 37 hits were made in the three games to which 3,573 people paid admission. The results are given below:

IN NORTHERN INDIANA.

The new Elks' lodge at Bluffton will be instituted July 9.

The new Free Methodist church at Columbia City was dedicated Sunday, Rev. W. T. Loring preaching the sermon.

William Bark, 77 years of age, is dead at Geneva. He was widely known.

Mrs. R. C. Jones, wife of the pastor of the M. E. church at Lagrange, died on Saturday evening.

Mrs. William Garrison, a well known lady in Smith township, Whitley county, is dead at the age of 65 years.

Samuel Rice, of Macy, clerk in a restaurant at Columbia City, is in trouble as the result of appropriating cash from the till.

Additional cases of smallpox have developed in Garrett, and it is feared the scourge will assume the magnitude of an epidemic.

Jacob Sommers, a well known DeKalb county pioneer is dead at his home east of Auburn. He was a bachelor, 80 years of age, and very wealthy.

Claude Upson, of Elkhart, was robbed of $150 and two tickets for New York while on his wedding tour, and the trip came to a very unromantic end.

Hugh Rogers, of near Knox, sold $147 worth of strawberries off of less than half an acre of land this year, and it wasn't a good year for strawberries, either.

Charles Straw, 18 years old, son of a farmer in Rockcreek township, Wells county, accidentally fired a bullet through his hand while shooting at rats Saturday.

Vera, the infant daughter of Mr. and Mrs. Will Dailey, at Bluffton, was badly scalded Sunday, when the little one overturned a vessel of boiling hot water upon her head and shoulders.

William Hallabaugh, a thief, and Fred Chubbs, held for wife-beating, escaped from the Lagrange county jail Saturday night by prying up a ventilator in the floor of the cell-house and passing through the basement.

J. H. Hasting, of Kendallville, has been a carriage painter for sixty-one years and is still in the business. More than forty years of this time has been spent in Kendallville, and he thinks he is entitled to the belt for term of service.

Joseph Wood, of Garrett, recently captured at Kokomo where he had fled to escape a charge of incest, entered a plea of guilty in court at Auburn Monday. Judge Hartman sentenced Wood to Michigan City for a term of from two to five years.

Lowlands in Whitley county were badly flooded by the excessive rains, and the damage is extensive. Blue and Eel rivers were higher than for many years, and a number of bridges were washed away. On pasture lands near the rivers, sheep sought safety upon the top of stumps, and were rescued Monday by means of boats.

Mrs. Rowland Willard, a pioneer citizen of Warsaw, but now living at Haddonfield, N. J., has just celebrated the seventieth anniversary of her marriage. Years ago the family lived at Oswego, Kosciusko county, when that village had a prospect of becoming the county seat instead of Warsaw. Her husband has been dead many years. The widow is now 88 years of age and in good health.

TREAT YOUR KIDNEYS FOR RHEUMATISM.

Foley's Kidney Cure is the most effective remedy for this purpose. B. T. Hopkins, of Polar, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Sold by Dreier & Bro. and Pellens & Polster.

MOTHER ALWAYS KEEPS IT HANDY.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Meyer Bros. & Co.

THE MARKETS.

Chicago, July 1.—Some reaction from yesterday's excitement was noticeable in the grain markets at the opening, although they were still "weather" markets and prices were therefore firm. Deliveries on July contracts were light. September wheat opened unchanged to ¼c higher at 73⅝c to 73⅞c and on renewed covering by shorts ascended to 74¼c, around which the market held steady for some time. Liverpool was higher, but the advance was disappointing to the bulls in view of the bulge here yesterday. Minneapolis and Duluth reported 295 cars. Local receipts were 87 cars, 10 of contract grade, making a total for the three points of 382 cars, against 284 last week and 344 a year ago.

September advanced later to 75⅝c on covering and closed strong ¾@⅞c up at 74⅝@74¾c. July wheat touched 77½c and closed at 75⅞c.

September corn opened unchanged to ⅛c higher at 63c to 63⅛c, sold to 62¾c on profit-taking, and then reacted to 63⅛c. There seemed to be a disposition to look more calmly at the weather map, although reports still showed a wet area of corn fields. Deliveries on July contracts were light during the first hour—50,000 or 100,000 bushels—and it all went to the bull manipulators. The option opened at 72½c to 73c and sold to 73½c. Receipts were 279 cars.

Near the close July corn shot to 78c on covering, but reacted to 73¾c and closed 1½c higher at 74c.

Deliveries on July contracts during the day were 2,500 bushels, all of it going to the manipulators. This had much to do in scaring shorts. September corn closed ⅛c lower at 62⅞c, the July bulls having sold liberally.

Oats were also more quiet. September opened unchanged to ⅛c lower at 35c to 34¾c on profit-taking, but reacted to 35⅛@35¼c on buying by the general crowd. Receipts were 288 cars.

Provisions were dull but steady in sympathy with the firmness of the hog market. September pork opened 2½c up at $18.52½, and September lard a shade improved at $10.65. There was no quotation of September ribs during the first hour.

The seven postal sub-stations recently authorized by the postoffice department at the solicitation of Postmaster Page were inaugurated in Fort Wayne today, and residents of sections somewhat remote from the postoffice will doubtless be highly pleased with the innovation. For the information of the general public The Sentinel will again state that the location of the new sub-stations are as follows:

Station No. 1—George A. Chapesattle, 2514 South Broadway.

Station No. 2—David L. Benton, 1240 West Main street.

Station No. 7—Louis S. Soest, 1908 Calhoun street, near Pontiac.

Each of these stations is equipped with a stock of $100 worth of the most commonly used varieties of stamps, stamped paper and stamp books, a full registry equipment and is prepared to sell and pay postoffice money orders. These will be sold at any hour at which the business houses, all drug stores save one, are open. Mail boxes are in close proximity to each station and carriers will make the collection of registered matter.

FRESH ORDERS TO POLICE

MAYOR WANTS SALOON LAWS ENFORCED.

Public Gambling to be Suppressed and Joints Cleared of Females —Police News.

Yesterday the mayor called the attention of Superintendent Gorsline to the fact that the provisions of his order issued over a year ago regarding the prompt closing of saloons at midnight, the total suppression of gambling and the elimination of disreputable women from Columbia, Lafayette, Main, Barr and other named streets, was being totally disregarded. He reminded the superintendent that he issued the order for the purpose of making reforms and for no other purpose, and that he would hold officers personally responsible for its observance in the future. The result was that the superintendent issued a supplementary order to his subordinates reiterating the previous order and accompanying it with the letter from the mayor. The result was that last night every saloon in town so far as known was hermetically sealed at midnight and the strict spirit of the order was complied with. The order was brought about by the recent suit of C. M. Flinn who claimed to have recently lost money in town by gambling, and was furthered by a fracas in a saloon near the transfer corner on Saturday night after midnight, during which a customer who refused to drink with a convivial patron of the bar was thrown through the glass street door.

The text of the order by the mayor is as follows:

Fort Wayne, Ind., June 30, 1902.

Homer A. Gorsline, Superintendent of Police: You are hereby notified that all women of bad repute must be removed from all business streets, such as Columbia, Calhoun and Lafayette, on or before August 1; also, all professional gambling, such as faro, poker and others, must be stopped at once, and if continued all paraphernalia must be seized and arrests made. I have been informed that some of the saloonkeepers are continuously violating the order of closing their places of business at midnight. This rule must be uniformly enforced, and if not done, I shall hold the officers in charge responsible for such violations. Under no circumstances will women of known bad character be tolerated around or about any saloon, and if found there arrests must be made on sight. Instruct your officers to carry out the intent of this order without malice or favor and with good, sound judgment.

Henry C. Berghoff, Mayor.

The order issued by Superintendent of Police Gorsline is as follows:

The enclosed letter from his honor the mayor explains itself. Since the issuance of the circular of May 14, 1901, setting forth the position of the present administration upon the saloon, gambling and other questions of importance to our department, it seems that while the officers were strict and a general observance of the order prevailed for awhile, they have now become somewhat lax in preserving the conditions as they should be, and as a result it has been reported that quite a number of violators of the law have been allowed to go unpunished and have neither been reported nor prosecuted.

In the future each officer will, upon a violation of the law, come to headquarters the following day prepared to file affidavits against the aggressors. All sporting-house keepers on Columbia, Lafayette and Calhoun streets will be notified that they must close their places and have the women out of their houses on or before August 1, 1902. There will not be any women of known bad repute allowed in or above saloons. The 12 o'clock rule must be observed, as also the order against public or professional gambling. The officers on duty can control all these evils, and it is expected of them that they do it.

The letter from the mayor is plain, and there should be no difficulty in understanding it.

H. A. Gorsline,
Superintendent Police.

SALOONKEEPER FINED.

There was nothing doing at police court this morning save the hearing of the case of the state against H. P. O'Reilley, charged in the first place with violation of the Nicholson law. The case was continued from yesterday morning and the affidavit was changed so as to charge selling liquor after 11 o'clock at night. To this charge a plea of guilty was entered and a fine of $10 and costs, amounting altogether to $20, was assessed and paid.

Superintendent Gorsline is at Michigan City, where he yesterday delivered Frederick Dawsey to the penitentiary. He will return this evening.

Charles Stearn, whose home is at Wauseon, Ohio, but who is at present boarding at 311 Grand street, reported that he had lost $15 in some unaccountable way. He did not feel ready to accuse anyone of taking the money out of his room, but thought its disappearance was exceedingly strange. Lieutenant Lapp investigated and learned that Mr. Stearn and a friend or two had been out celebrating in a mild sort of a way, and when he questioned Stearn he was not positive whether he had lost it on the street, whether it had been stolen or whether he had spent it.

A man named Drey, first name not given, reported to Officer Petgen that his son-in-law, named Ormiston, first name also not given, had assaulted him, pulled him out of his buggy and had beaten him. Officer Petgen reported the matter to police headquarters.

Officer Collins yesterday evening assisted J. W. Bell in recovering a set of harness which an obstreperous customer refused to pay for or return.

The St. Joe river is getting the best of the St. Mary's on the present flood and is making by far the best record. Water at the junction of the rivers is backing up the St. Mary's almost as fast as it is escaping down the Maumee. The greatest sufferer on public contracts by the present stage of high water is Contractor Derheimer, who is rendered almost helpless in his work in the neighborhood of pumping station No. 2.

CALLED TO B. & O.

PETER RAIDY AND HARRY HUSTON ADVANCED.

A. W. IRELAND PROMOTED

GOES TO HAMLET AS JOINT CAR INSPECTOR.

FIREMEN HAVE AN ELECTION

ALSO ANNOUNCE A CHANGE IN GRAND OFFICE.

Peter J. Raidy and Harry M. Huston, two of the best known train dispatchers in the employ of the Pennsylvania company, have received notice from the Baltimore and Ohio officials to report to the transportation department of that road for duty. Mr. Raidy is instructed to go to New Castle, Pa., and Mr. Huston to Cleveland, Ohio. Neither has been informed of the title or character of the position which awaits him, but they are given to understand that it is a decided advance in the ranks and they willingly obey orders. With this end in view they have tendered their resignations to the Pennsylvania local officials and will leave for their respective places as soon as arrangements have been completed for filling the vacancies in the dispatchers' ranks here. Mr. Raidy commenced work for the company in 1876 and after a service of several years as operator and later as dispatcher, he left the service and entered the employ of the Western Union company and for twelve years was engaged in commercial and press work. During that term Mr. Raidy worked at various times in the important cities between New York and Omaha. Eight or ten years ago he resumed his old position in the Pennsylvania offices in this city and has been a dispatcher ever since. Harry Huston has been employed in the telegraph and train dispatching offices at this place for fourteen years. Before coming to Fort Wayne he was employed first as a messenger and apprentice and later as an operator in the Nevada, Ohio, office of the company. For some months he served as special assistant trainmaster of the western division, but has been doing regular dispatching for some months. These resignations will result in a number of changes in the telegraph and dispatchers' office, but The Sentinel was unable to learn who would be affected by them.

CHANGE IN CAR INSPECTORS.

J. E. Wooley, who was assistant car inspector for the Pennsylvania and the Indiana, Illinois and Iowa roads at Hamlet, Ind., has been appointed chief inspector at that place, to succeed August Humbke, deceased. A. W. Ireland, of this city, has gone to Hamlet to take the place made vacant by the promotion of Mr. Wooley. Mr. Ireland has been employed as a car repairer at the east shops for some time. While the office at Hamlet is a joint affair in which both roads share in its maintenance, the Pennsylvania company has complete control of it and fills all vacancies.

AIR BRAKE CAR TO CHICAGO.

Capt. H. M. Deihl, air brake instructor, and his car will go to Chicago on train No. 11 this evening to instruct the Pennsylvania men who are interested in the use of the high speed brakes. The work will keep Captain Deihl in the Windy City about ten days.

FIREMEN ANNOUNCE ELECTION.

A. G. Porter lodge No. 141, Brotherhood of Locomotive Firemen, counted the ballots for the annual election of officers last night and made the announcement of the result. Interest in the election was unusual, because of the number of aspirants for honors, and this brought a big crowd to the meeting last night. During the counting of the votes recess was taken and the firemen not employed in counting votes engaged in a pedro game. Voting was through the mails and this has been in progress ever since the nominating meeting a month ago. This method gave every member an opportunity to vote and at his leisure. The roster is as follows:

Master—H. S. Rodeheaver.
Secretary—G. W. Erwin.
Treasurer—O. E. Maxwell.
Trustee for Three Years—C. E. Jerome.
Legislative Representative — P. O'Hara.
Delegate to Grand Lodge—G. W. Erwin.
Alternate Delegate to Grand Lodge—H. F. Harper.
Vice Master—Thomas Albright.
Collector—R. C. Chase.
Medical Examiners—Drs. Wm. Ensslen and G. B. Stemen.

During the meeting a circular announcing the change in the grand office was read. Frank P. Sargent, the grand master, has been given a three months' leave of absence, without salary, and this morning he assumed the office of commissioner of immigration, to which he was appointed two months ago. J. J. Hannahan, first vice grand master, will be the acting grand master until the meeting of the convention, September 8, when a successor to Mr. Sargent will be elected. Mr. Hannahan is a candidate for that honor, but if he is no stronger elsewhere than here he will not get the office.

FELL FROM HIS WHEEL.

W. G. Page is carrying his right arm in a sling and will be unable to follow his usual vocation for awhile. Yesterday he was thrown from his bicycle and his right shoulder and arm were badly sprained and bruised. Mr. Page is a machinist, employed in the Pittsburg round house.

BOILERMAKERS' EXCURSION.

The committee on arrangements for the excursion to be given to Bawbees on Saturday, July 26, by Summit City lodge, No. 54, International Association of Boilermakers and Ship Builders, held a meeting last night to discuss the matter and to arrange for getting out the tickets and advertising matter. The boys propose to make this one of the best excursions of the season.

WORKING OVERTIME.

The employes in the tool room, the blacksmith shop, the incandescent testing room, the foundry and the fixture room of the Fort Wayne Electric works are compelled to work overtime. For several nights they will work until 9 and 10 o'clock. The shops are behind with their work and the extra hours are necessary to prevent serious embarrassment from that source.

ENTERS ANOTHER YEAR.

Julius Koch today began another year of his service in the Pittsburg shops. He also entered upon another year of life, being forty-six years old. Mr. Koch began working in the shops as an apprentice in the machine room in 1874 and has remained there constantly since, the only change being the transfer from apprentice to mechanic.

PUTTING IN MATERIAL TRACK.

Measurements were made this morning for a track through the Pittsburg machine shop, running east and west, to be known as a "material track" and to be used exclusively for carrying building material in the erection of the new shop. The machinery in the way of the track will be removed in a few days.

BAPTIST EXCURSION.

The Baptist Sunday school excursion to Rome City this morning was sufficient to fill three extra coaches to their full seating capacity. There were between 150 and 175 tickets sold, and in addition there were about 75 little ones not required to get tickets, making the party 275 or upwards. They went to the resort on train 7.

FOREMAN TREECE SURPRISED.

Forty or fifty of the friends and neighbors of Foreman George Treece, of the Wabash warehouse, gave that gentleman a surprise last evening in honor of his thirty-fourth birthday. The amusements of the evening were music and games, and a delicious lunch was served later. Mr. Treece was made the recipient of several presents from the visitors, among them a handsome watch charm emblematic of the A. O. U. W., a pair of pretty cuff buttons and a fine chair. The party was a most pleasant one.

David Magyrs, of the Wabash shops, is on duty again after a visit with relatives and friends in eastern Indiana and western Ohio.

W. H. Clements, Nickel Plate brakeman, reported for work yesterday. He had been off on political business a couple of days.

A train load of dressed beef for export, forty-three cars, passed through the city, over the Nickel Plate, at 7:30 o'clock last night.

Frank Offner and Victor Newman, of the Wabash machine shop, reported for duty this morning. They were injured in the shops some days ago.

Chief Clerk Frank D. Reed, of the motive power department of the Pennsylvania, has returned from Chicago. Mrs. Reed accompanied her husband on the trip.

Harry Willson, who was attending the Christian Endeavor convention at Indianapolis, resumed his place in the draughting department at the Electric works this morning.

Mrs. Louis Haas, widow of the former chief clerk at the Pittsburg warehouse, has gone to Defiance, Ohio, to spend several weeks with her sister, Mrs. Frank Stock.

Alexander Stewart has been appointed master mechanic of the Union Pacific at Cheyenne, succeeding W. R. McKeen, jr., promoted to superintendent of motive power.

Brakeman C. W. Marshall, of the Nickel Plate, has taken a thirty days' lay off and gone to Lorraine, Ohio, to visit relatives. Mrs. Marshall went to that city about a week ago.

R. J. Lyons will act as road foreman of engines of the Pennsylvania during the absence of M. R. Colmey, who left today with his family upon a tour of the eastern cities and resorts.

Engineers George Dunann and Joseph Studer, of the Nickel Plate, are off duty, the former on account of being sick and the latter on account of the sickness of a member of his family.

Two 25-horse power motors to the Keystone Plaster company, Chester, Pa., and a ten-horse power motor to Hamilton, Ohio, were among the shipments from the Electric works this morning.

Walter Newman, a pipefitter who was employed in the Wabash shops several months ago, is here visiting his mother. He is now employed in shops at Kankakee, under Foreman Joseph Jones.

R. E. Cahill, division superintendent of the Missouri Pacific, has resigned and today assumed the duties of superintendent of the Choctaw, Oklahoma and Gulf road, a part of the Chicago, Rock Island and Pacific.

The directors of the Pennsylvania, at their meeting last week, granted A. J. Cassatt, president, a vacation from July 15 to September 1. He will spend the time at Bar Harbor. Vice President Green was given a leave of absence for August.

The Wabash has succeeded in getting stop-over privileges at Detroit for Put-in-Bay as an offset to the same concession to the Lake Shore at Sandusky. This gives all roads passing the islands on either side of the lake the same privileges.

Three New England roads have decided to abandon oiling of their roadbeds to keep down dust, and will ballast them with broken stone, which at first is expensive, but when once down the rain washes it and there is no further trouble from dust.

Ed Kornig, one of the employes of the Pennsylvania freight office, has gone to Dayton, Ohio, ostensibly to visit relatives. The "boys" at the office say his mission is of a different character and that when he returns he will be accompanied by a bride.

The Ladies' auxiliary of the Brotherhood of Railway Trainmen will give a lawn social this evening at the home of Mr. and Mrs. John Lause, 1518 Boone street. If the weather should be unpropitious, the guests will be entertained within doors.

L. F. Loree, president, and G. L. Potter, general manager of the Baltimore and Ohio, left Baltimore, on Saturday, on an inspection trip over the lines. They spent Sunday in Cleveland, and the following days of the week will be on the lines, visiting Chicago and St. Louis.

The Union Pacific has discharged 500 more employes from their shops in Wyoming, making 650 dismissed since June 13. It is understood that as a result of the strike the shops will be closed permanently, and this action has produced a panic in the town, as $75,000 per month was disbursed at that point.

The new wage scale of the trainmen on the Iowa Central has been fixed and there will be no further trouble. On through freight runs wages have been changed from $2.00 for conductors and $1.90 for brakemen per 100 miles to $3 and $2, and on local freights from $2.00 and $1.90 to $3.25 and $2.16 2-3. The pay of switchmen has been advanced 30 per cent. and of passenger men 25 per month.

Machinist Bob Taylor, who was sick a week, resumed work at the Bass shops this morning.

All Wabash trains were on time today, the trouble caused by the high waters at Litchfield, Ill., having passed.

Assistant General Forman Frank Sweengen, of the Pittsburg car shops, is confined to his home by sickness.

Contractor G. W. Mains is erecting a house on Riverside avenue for Joseph Hagenrather, of Rhinesmith & Simonson's factory.

W. Young, of the Pittsburg boiler shop, who had a foot burned three weeks ago, has recovered and this morning reported for work.

Charles Fry, a tallyman at the Pittsburg freight house, is taking his summer vacation. With his family he has gone to Chicago for a ten days' stay.

Boilermaker C. P. Ewald, of the Pittsburg shops, is celebrating the advent of a son, who tips the beam at the ten-pound mark. Cigars at the shops are coming later.

Mr. and Mrs. A. F. H. Dornte have returned home after a week's visit with friends in Grand Rapids, Mich. Mr. Dornte resumed his duties at the Pittsburg planing mills this morning.

James Donohue resumed his position in the Pittsburg paint shop this morning after an absence of two weeks as a result of his successes at the Chicago derby. He was a big winner there.

Machinist Porter Chamberlain is off duty from the Electric works today on account of sickness. Fritz Bleibtrue, a toolmaker at the same shop, is also on the sick list. Jap Edrail is detained at home by the serious illness of his daughter.

The clogged sewer under the Pittsburg tracks at Walton avenue was opened at 3 o'clock yesterday afternoon and the big body of water in that vicinity soon disappeared. The cave-in of the sewer was caused by muskrats, great numbers of them having been at work there for several weeks.

The Wabash's "Continental" limited yesterday afternoon gave the passengers on a belt line car a good scare. The car was crossing the tracks as the train was approaching and some one in the car gave a frightened cry and rushed off the car. This started the other passengers and the car was emptied in a second. There was no real cause for alarm however.

Anthony Gerard will go to Grand Rapids to visit his son, General Waidmaster Tony Gerard, until after Sunday. Curis Rhine and his wife will visit in Chicago; Frank Gerard and his family will go to some lake in the northern part of the state to remain a week, and John O. Connors will be the guest of his son, Michael, in Grand Rapids, during the holiday. All the gentlemen named are employed in the Pittsburg blacksmith shop.

PUMPING STATION RESUMES

FLOOD DAMAGE AT VAN BUREN STREET IS REPAIRED.

Deluge Which Submerged Machinery Is Pumped Out and No Further Trouble Is Feared.

The Van Buren street pumping station, which was out of service for thirty-six hours by reason of a deluge of water which invaded the machinery pit, submerging the big pumps to a depth of nearly nine feet, resumed operations this afternoon and no further trouble is apprehended. It is said the damage is merely nominal.

After many hours of energetic work the pumping of the big volume of muddy water out of the pit was completed at 7 o'clock this morning. Then the workmen began cleaning up the machinery, removing all traces of the deluge, and it is said no damage has been done, either to the pumps or to the building. The trouble started about 9 o'clock Sunday evening, when workmen noticed water pouring into the machinery pit, which is twenty-three feet below the street level.

Excessive rains had washed away the earth from about the big thirty-inch suction pipe installed for connection with the new pump soon to be placed in position there. This permitted the pipe to sink, breaking the packing about it, and muddy water in a perfect deluge came streaming in from a big trench made when the pipes were placed in position, but which could not be filled up until all connections were complete.

An unsuccessful effort was made to stop the inflow, and then the small pump was started, but it was totally inadequate to carry off the inflow, and the water rose steadily. It filled the space of eighteen inches below the floors, then crept up into the pit little by little until at one time there was a total of nine feet of water in the pit, submerging the pumps and the foundation installed for the new machinery.

When it became apparent that the machinery was to be submerged workmen floundered about in water waist deep, hurriedly applying heavy oil to all exposed portions of the machinery to prevent damage from rust. All day Monday the work of pumping out the deluge was carried forward, while a large number of sacks filled with cement were thrown about the point where the big pipe enters the building. The effort to plug the opening in this manner was finally successful. The inflow was stopped and it permitted the men to make headway in pumping out the water from the pit.

BIG PUMP LOST.

Several days ago the water works department received word that the big pump intended for No. 2 station had been shipped June 24. Up-to-date nothing further has been heard from the pump nor the Holly works. Fear is expressed in official circles lest the pump may have been caught in the recent rain storms and floated away or perhaps may have gone to join Engineer Hoit's report which was shipped from Cleveland nearly a year ago and hasn't got here yet.

CITY HALL NOTES.

This is general payday at the city hall, city officers, councilmen and the members of the board of public safety coming in for their quarterly stipend.

The board of works met yesterday afternoon and transacted no business outside of the regular Monday routine. Several minor petitions for sidewalks were received and filed and the city engineer was instructed to prepare estimates on sidewalks in the Ninth and Tenth wards.

Phillip Sweeney has been granted a permit to remodel his house on Brandriff street at a cost of $500.

The concrete gang commenced work on East Wayne street this morning and Contractor Moellering was enabled to resume work on East Columbia street.

POISONING THE SYSTEM.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Meyer Bros. & Co.

You have, of course, heard about these wonderful goods. The rapid increase in the sale of them in this city is almost marvelous. Now, how is this accounted for? Is it simply good luck? Certainly it is progress. We believe it is accounted for from the fact that our refrigerators are built on honor, built to last, and built to sell. A poor "Lapland" or a poor "Monitor" Refrigerator was never known. It is acknowledged by all that we have the best refrigerator for a small amount of money. ADOPT CONFERENCE REPORTS

CLOSING WORK OF THE LONG SESSION.

Washington, July 1.—The first session of the Fifty-seventh congress will adjourn this afternoon.

FIX HOUR TO ADJOURN.

The ways and means committee of the house met at 2 o'clock and ordered Chairman Payne to report the adjournment resolution for 5:30 p. m., although this was not done without a sharp political division. Representative Richardson, of Tennessee, the ranking democrat, moved an amendment allowing one week to consider trust legislation. This was defeated by a party vote and by another party division the adjournment resolution was ordered reported.

A moment later Mr. Payne presented the resolution in the house.

The house adopted the adjournment resolution. An unsuccessful effort was made by Mr. Sulzer (N. Y.) to recommit the resolution with instructions to report the resolution back amended so as to substitute July 3 for July 1.

At 3:10 p. m. the senate adopted the adjournment resolution passed by the house.

The two important measures remaining unacted upon, the Philippine government bill and the naval appropriation bill, came from final conference and the report on the former was adopted by the senate, thus passing it, the house having passed it last evening. The naval bill was agreed upon by the conferees and the report adopted by the senate. The report was agreed to in the senate without discussion.

The house also agreed to the conference report on the naval appropriation bill without division. The result was the signal for much applause.

Early in the afternoon the president notified Speaker Henderson and President Pro Tem Frye, of the senate, that he would be at the capital at 4:30 to sign belated bills.

THE NAVAL BILL.

The conferees of the two houses of congress on the naval appropriation bill reached an agreement at 12 o'clock on the one point left in dispute after former conferences. This point related to the contention between the two houses as to whether any of the proposed new war vessels should be built in government navy yards. The house had originally provided that half of them should be constructed in government yards and the other half by contract. The senate provided for the construction of all by contract. The compromise agreement authorizes the construction of one battleship in a government yard and also others in case of emergency, the provision being as follows:

"The secretary of the navy shall build one of the battleships authorized by this act in such navy yard as he may designate and he shall build all the vessels herein authorized in such navy yards as he may designate should it reasonably appear that the persons, firms or corporations or the agents thereof bidding for the construction of any of said vessels have entered into any combination, agreement or understanding, the effect, object or purpose of which is to deprive the government of fair, open and restricted competition in letting contracts for the construction of any of said vessels."

There is an appropriation of $175,000 for the equipment of each navy yard to be used for constructing any of the ships.

IN THE HOUSE.

Washington, July 1.—The house, which adjourned last night at 11 o'clock, met at 10 o'clock this morning with all the indications pointing to a final adjournment at the end of today's session. Despite the early hour and the lateness of the session last night there was a large attendance upon the floor. The galleries also were well filled with spectators.

The chaplain, in his invocation, prayed that all the members might return in good health to resume their duties in December.

Immediately after the approval of the journal a scramble for recognition began. Members with small bills of interest to their constituency action upon them and a dozen of them were almost constantly on their feet clamoring for opportunity to call them up. Owing to the fact that but one item in one appropriation bill remained in dispute between the two houses many members were fortunate.

IN THE SENATE.

Washington, July 1.—When the senate convened today at 11 o'clock for what appeared to be the closing session of this term of the fifty-seventh congress, there were no indications of the exciting scenes of yesterday.

Mr. Bailey, of Texas, entered the chamber from the democratic cloak room soon after the invocation had been pronounced and took his seat on the democratic side. He was joined by Mr. Spooner and they chatted together for a few minutes. Representative Burleson, of Texas, then joined Mr. Bailey and had an extended talk with him.

Mr. Beveridge did not appear in the senate during the early part of the session. After his chat with Mr. Burleson, Mr. Bailey left the chamber.

Mr. Beveridge, who had been engaged in his committee room, entered the chamber about a half hour after the senate convened. As he went to his seat on the extreme democratic side other senators joined him and shook him cordially by the hand.

Mr. Hale, of Maine, presented the final report of the conferees on the general deficiency bill, and it was agreed to without debate. This disposes of the bill.

Mr. Lodge, chairman of the committee on Philippines, called up the conference report on the bill to provide a temporary civil government for the Philippine islands. The agreement of the conferees, which already has been published, was read in full.

THE PHILIPPINE BILL.

Washington, July 1.—The Philippine civil government bill which was passed by the house last night and the senate today retains, with a number of qualifying amendments, the home rule feature of the house bill.

The president is empowered to make provision for the Philippine legislature if the islands remain peaceful for two years after a census has been taken. The time when this census shall be taken and the circumstances under which it shall be complied are left to the discretion of the administration.

It is also left to the president's discretion to determine whether the islands are peaceful or otherwise. The bill as amended bars the Mohammedan tribes, which have recently caused the military authorities a great degree of trouble, from representation in the legislature until they have abandoned their tribal relations and submitted absolutely to civil authority.

The legislature is to elect two commissioners to represent the islands in Washington. The powers of the legislature are defined and an extended bill of rights set forth the individual rights of citizens and their protection against unjust laws.

Authority is given to issue bonds for the purchase of the friar lands and when purchased these become part of the public domain. The public lands are to be open to homesteaders, similar to the American system, and to prevent corporations from absorbing the lands corporations' holdings are limited to 1,024 hectares, or 2,500 acres. Corporations also are stringently regulated in holding mining and agricultural lands. Mere recognition of the legislative feature of the Cooper bill was sufficient to placate the chairman of the committee on insular affairs and his friends in the house and prevent another outbreak against the ruling combination of the house, which, if it had been provoked, would have added materially to its loss of prestige.

MIX-UP ON CALHOUN STREET.

A horse attached to a buggy containing Mrs. A. B. Jackson, her little son and two ladies, became frightened at an automobile on Calhoun street between Berry and Wayne, this morning, and collided with a grocery wagon driven by Joe Loos. The animal then started to run away but Mr. Loos jumped from his rig and stopped it. Mr. Loos' horse then started off, but was stopped by a traveling man. Mrs. Jackson's horse broke loose from the buggy, but the lady pluckily clung to the reins and was nearly pulled over the dashboard of her buggy. The mix-up was quite lively for a few moments, but fortunately no one was hurt.

HER MAJESTY REVIEWS THE COLONIAL TROOPS.

POPULACE IS ENTHUSIASTIC

CHEERS FOR THE KING RING OUT WITH GOOD WILL.

London, July 1.—The following bulletin on the condition of King Edward was posted at Buckingham palace at 10 o'clock this morning:

"The king passed an excellent night of natural sleep. He has gained strength and made substantial improvement in all respects.

(Signed) "Treves.
"Laking.
"Barlow."

London, July 1.—The following bulletin was posted at Buckingham palace at 7 p. m.:

"The advancement in the king's condition is maintained. His appetite is improving and the dressing of his wound is less painful. His majesty is still easily fatigued on the least exertion.

"Treves,
"Laking,
"Barlow."

London, July 1.—The reappearance today of Queen Alexandra as a participant in a public ceremony practically marks the end of the period of anxiety caused by King Edward's condition.

Her presence at the review of the colonial troops by the prince of Wales greatly increased public enthusiasm over what in itself was a picturesque and interesting event.

Upwards of 2,500 colonials were brought in from the various encampments and marched through great crowds down Constitution hill, which was lined with troops, past Buckingham palace, which, for a week, has been the center of such supreme interest, and along the mall to the horse guards parade.

The contingent present represented all parts of the British empire, with the exception of India, whose troops will be separately reviewed tomorrow. The Canadian detachment numbered 800 men, and was far the largest body on parade. The smallest detachment consisted of three natives of the island of St. Lucia. Borneo, Ceylon, Fiji, the West Indies generally, Cyprus, the Gold coast, Nigeria, Uganda, and other remote colonies were represented by native troops, in clothing of striking variety, while straight from the fighting line in South Africa were details from the Canadian scouts, Kitchener's horse, and contingents from a number of local levies raised during the war.

QUEEN WARMLY GREETED.

The queen's appearance while on her way from the palace to the Horse Guards was greeted with salvos of cheers, which increased in strength as the spectators noticed that the ordeal of the past week had but little affected her majesty's health and noted the absence of any signs of anxiety as she cheerily acknowledged the congratulations of the public at the uninterrupted progress of the king.

The queen was seated in an open carriage, beside her was the princess of Wales, and seated opposite were the Princess Victoria and Princess Charles of Denmark. Several carriages, containing the duke of Cambridge, the duchess of Connaught and others followed.

The prince of Wales was accompanied by the crown prince of Denmark, Prince Frederick, Prince Charles of Denmark, and their suites and by the foreign attaches, including Major E. B. Cassatt, the United States military attache. The duke of Connaught and Lord Roberts, the commander in chief, surrounded by brilliant staffs, rode behind the prince of Wales' party. The long lines of troops completely filled the Horse Guards parade, and their variegated uniforms stood out in vivid contrast with the trees of the park. Thousands of spectators filled the stands or stood behind the police. Among the interested on-lookers was Prince "Eddy" and the other children of the prince and princess of Wales. All the colonial premiers, Indian princes and other guests of the nation were present, to say nothing of peers and members of the house of commons without end.

The troops marched quickly past the queen's carriage, the prince of Wales receiving the salute. The queen then drove slowly in and out [illegible] the prince of Wales closely inspected the troops and dismounted and conferred medals and crosses on those who had merited the honor, shaking hands with the recipients of the Victoria cross.

CHEERS FOR THE KING.

Then followed the most picturesque feature of the day. The duke of Connaught, at the head of the troops and facing the prince of Wales, in clear tones gave the command, "The parade will give three cheers for the king," and himself started the "hip, hip." In a second the refrain was taken up and there rose cheers such as London seldom hears, the sound of which must have reached almost to the royal sick room, half a mile away. Helmets, caps and campaign hats rose in waving confusion at the bayonet's point and the assembled crowds joined in with equal vigor. A man in the Canadian ranks shouted "And a tiger," at which the troops and crowd once more yelled themselves horse. It was the first occasion since the announcement of the king's illness that the general public had an opportunity to vent their feelings and the people took advantage of it.

After this the life guards rode up to the queen's carriage to the accompaniment of "God Save the King," and cheers not unmingled with tears of the women, many of whom were deeply affected. The queen drove slowly past the troops, to Buckingham palace, constantly bowing and smiling acknowledgements of the people's greetings; the prince of Wales and the other members of the royal family followed, the colonials reformed in columns, and, amidst hearty cheers from the crowds, returned to their encampments.

A STRIKER IS SHOT DEAD

COAL AND IRON POLICEMAN FIRES FROM STOCKADE.

Victim Was an Italian Miner—The Foreigners are Excited and Trouble is Feared.

Wilkesbarre, Pa., July 1.—The first loss of life during the anthracite strike occurred today at the William A. colliery at Duryea. Antonio Guiseppe, an Italian, was shot dead by one of the coal and iron policeman from behind the stockade of the colliery. Reports differ as to the cause of the shooting. The friends of the dead man say he was walking on the road near the stockade when he was fired upon. The man was on his way from Scranton to Duryea at the time. Another report is that the Italian tried to get over the fence and would not heed the warning from the policemen to go away. He insisted on making his way into the stockade and was fired upon. There is much indignation over the shooting and the sheriff of Lackawanna county was summoned to take steps to preserve order as it was reported that there would be an uprising among the foreigners and that they would attack the stockade before night. The body lay in the roadway for some time. The coal and iron police would not venture outside of the stockade to remove it and the people living in the vicinity did not want to take it away until the arrival of the coroner. When the sheriff of Lackawanna county reached the scene he ordered the body removed to an undertaking establishment.

STUCK ON CAR TRACKS.

A big truck of the Bass foundry, heavily loaded with steel, became stuck upon the interurban tracks at Fairfield avenue and Brackenridge streets Monday afternoon, and resisted every effort to move it until the appearance of a Southwestern car solved the problem. With a heavy timber for a lever, the car was used to give the truck a start, and the team hauled it away without further difficulty.

FIGHTING NINTH IS COMING

FAMOUS REGIMENT REACHES THE CITY TONIGHT.

Corporal "Bud" Carson Is With Them—Brief Stop at Nickel Plate Depot This Evening.

The Ninth regiment, United States infantry, one of the most famous of the American fighting commands, will be in Fort Wayne for a brief stop this evening, probably between 9 and 10 o'clock. The regiment, fresh from long service in the Philippines and in China, is eastward bound, and is traveling in two special sections over the Nickel Plate, due to leave Stony Island at 5 o'clock this evening.

Unusual local interest attaches to the Ninth regiment from the fact that Corporal "Bud" Carson is a member of company G and will pass through the city with his regiment tonight, and from the additional fact that another Fort Wayne boy, the lamented Harry Wood, was a member of company C and perished in the frightful massacre at Balangiga, Island of Samar, when almost the entire company was obliterated. Several of the survivors of that dreadful encounter are with the remnant of company C that will pass through Fort Wayne tonight. Companies A, C and D are going to Fort Niagara, the others to Madison barracks.

The Ninth saw some of the hardest fighting in the whole Philippine troubles, and participated actively in the movement by the allied troops in China. It left the Philippines for China June 27, 1900, remaining there eleven months, returning early in June, 1901, to Luzon. In the engagement before Tien-Tsin, China, the gallant Colonel Liscum was killed. Company B is still in China as a legation guard. The regiment sailed for home May 17 on the transport Hancock, reaching San Francisco June 21.

Corporal Carson's term of enlistment will expire July 19, and it is probable a large number of his friends in this city will meet the train upon its arrival this evening to greet the young soldier. Corporal Carson was one of the relief party sent to Samar after the massacre at Balangiga, and he assisted in the burial of his comrade, Private Wood. Carson's father, J. K. Carson, and F. C. Wood, father of the Fort Wayne soldier who fell at Balangiga, will be among the party to meet the soldier boys this evening.

DIED A DEFAULTER.

Washington, July 1.—United States District Attorney Gould today announced in the probate court that William S. Yeatman, formerly disbursing clerk of the war department, was at the time of his death, April 20, 1901, a defaulter. So far as now known the alleged defalcation amounts to about $18,000. The government will take steps to recover the full amount. The defalcation, Mr. Gould announced, was only recently discovered and was effected through the manipulation of vouchers.

LOCAL LINES.

Rev. Charles Guendling, of Lafayette, transacted business in the city yesterday.

Attorney and Mrs. N. D. Doughman left today for Clear Lake, Steuben county, where they will occupy a cottage for the summer.

The class that has entered for the summer term of the International Business college is the largest in years, more than forty students being in attendance at the opening session today.

A new scale of wages in the various pressrooms of the city went into effect today. The change in the scale is to the benefit of the pressmen and press feeders and is practically about 5 per cent. The arrangement was made some time ago and was the result of an amicable conference between the employes and the employers.

BAILEY'S IRE UP

TEXAS SENATOR ASSAULTS SENATOR BEVERIDGE.

CHOKES THE INDIANA MAN

AFFAIR TOOK PLACE IN THE SENATE CHAMBER.

BAILEY FANCIED ASPERSION

BEVERIDGE REFUSED TO WITHDRAW HIS WORDS.

Washington, July 1.—Senator Beveridge was assaulted by Senator Bailey, of Texas, in the senate chamber last evening, immediately after the close of the executive session. The southern senator seized the Indiana man by the throat with his powerful grasp, but he was dragged away from his opponent by several of the bystanders before serious injury was done. As he was forced back, still struggling to get free, Mr. Bailey was heard to utter words which sounded like a threat of killing.

The encounter was preceded by a spirited colloquy in the open session

JOSEPH W. BAILEY.

of the senate this afternoon, in which hot words passed between Senators Beveridge and Bailey. Mr. Beveridge declared that Senator Bailey had made an "unwarranted attack" upon W. L. Penfield, solicitor of the state department, who was appointed from Delaware county, Indiana.

BAILEY ACCOSTS BEVERIDGE.

At the close of the executive session Senator Beveridge remained in his seat smoking a cigar. As the senators were passing from the chamber Mr. Bailey arose and crossed the room rapidly to Senator Beveridge's seat. He faced the Indiana senator and began to speak rapidly.

"Beveridge," he said, "I don't want to have any trouble with you, but I want you to withdraw those words which charge me with making an unwarranted attack upon Penfield."

"I did not intend to insult you," replied Senator Beveridge, "and there is nothing in my language that you could consider offensive."

THREATENS BEVERIDGE.

"I don't allow any one to say that I libel a man, and that is what you do in making the charge. Now, if you won't withdraw the words when I ask you, I'm going to make you withdraw them."

As Senator Bailey spoke he grew more and more excited. He sat down by the side of the Indiana senator, and, leaning against the desk immediately in front of him, looked Mr. Beveridge squarely in the face. Senator Beveridge did not change his position, and, still puffing at his cigar, replied to his opponent's demands: "I repeat that I did not mean to insult you and that I have nothing to retract."

HAS BEVERIDGE BY THROAT.

No sooner had Senator Beveridge uttered these words than Mr. Bailey sprang forward upon the Indiana senator and grasped him with both hands by the throat. Mr. Bailey is a large and powerful man and the force of the lunge was so great that the chair in which Mr. Beveridge was seated was thrown back against a desk, which was pushed over.

At this point several persons ran from different parts of the senate chamber to the struggling men. Senator Spooner and Senator Hansbrough were first on the spot. Mr. Spooner seized Mr. Bailey by one arm and Senator Hansbrough grasped the other. Both the peacemakers were forced to exert all their strength before they succeeded in dragging the infuriated Texas senator from his opponent.

As his hands were torn from Senator Beveridge's throat he grasped a part of the Indiana senator's neckwear and tore it away. Senator Spooner and Senator Hansbrough were having all they could do to keep Mr. Bailey from Mr. Beveridge when they were reinforced by Senator Bacon and Assistant Doorkeeper Barney Layton.

LIKE THREAT OF KILLING.

The four men managed to push Mr. Bailey to a safe distance, in spite of his struggles to get free. He lunged continually toward Senator Beveridge and was heard to utter something about killing. The captors held the belligerent senator for a few moments, and when he seemed to have regained in part his composure released him. They stood between Mr. Bailey and Mr. Beveridge, as if expecting another attack.

Without further effort, however, he walked away when Senator Bacon urged him to be quiet and led him toward the democratic side. Senator Bacon engaged Senator Bailey in conversation for some time, advising him to cool down. Senator Spooner also went across the aisle and discussed the matter with the Texas senator, urging him to apologize and, if possible, fix it up at once, but Senator Bailey refused all such proffers, declaring that Senator Beveridge had

ALBERT J. BEVERIDGE.

insulted him in the senate and that he had taken the only course, as the Indiana senator had refused to withdraw his remarks.

RAIN DELAYS SURVEYORS.

Willshire, Ohio, July 1.—The corps of surveyors which is surveying the route of the Fort Wayne, Dayton and Cincinnati traction line left this place yesterday afternoon. They are now surveying the road between this place and Decatur and will probably reach the latter place today. They were held here by the rain and bad roads. It is probable that the work will have to be discontinued until the dry weather sets in.

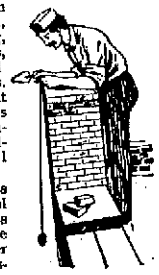
Out of Plumb.

When the wall is out of plumb the building is more or less unsafe, and the higher the wall is carried out of the perpendicular the greater the danger of collapse. It's about so with the health; it is out of plumb when the digestion is impaired, when there is a dull, sluggish feeling, with nervousness, irritability and sleeplessness. Every day that these symptoms are neglected increases the liability to physical collapse.



Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood and cures nervousness, irritability and sleeplessness by curing the diseases in which they originate.

"For three years I suffered untold agony," writes Mrs. H. K. White, of Stanstead, Stanstead Co., Quebec. "I would have spells of trembling and being sick at my stomach, pain in right side all the time; then it would work up into my stomach and—such distress it is impossible to describe. I wrote to the World's Dispensary Medical Association, stating my case to them, and they very promptly answered and told me what to do. I took eight bottles of Dr. Pierce's Golden Medical Discovery, and five vials of Dr. Pierce's Pleasant Pellets. Thanks to Dr. Pierce and his medicine I am a well woman to-day. Dr. Pierce's medicines also cured my mother of liver complaint from which she has been a sufferer for fifteen years. We highly recommend these medicines to all suffering people."

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing *only*, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

SOUTHWESTERN SUFFERED.

(Huntington Herald.)

The great storm Saturday night created much havoc along the Southwestern's line. Everything became so wet that it was impossible to maintain the high pressure current, and as a consequence cars were all late. The engine at the power station was kept going all night Saturday in order to permit belated cars to reach the city. During the night so much rain entered the engine pit at the power house that the immense fly wheel was partially submerged, and at 6 o'clock Sunday morning the engine was stopped. It took about an hour and a half to draw the water all out of the pit.

PROPER FOOD

Better Than Ocean Breezes.

It makes a lot of difference in hot weather the kind of food one eats.

You can keep the body cool if you breakfast on Grape-Nuts, for in its predigested form it presents the least resistance to the digestive organs and contains as much nutriment as heavy body heating food, such as meat, potatoes, etc.

Grape-Nuts is probably entitled to the claim to be the most perfectly adapted food for human needs now extant. The meat eater and vegetarian are alike charmed with its crisp taste, the delicate flavor of the grape-sugar and the nourishment to body and brain, while the housewife is attracted by its being thoroughly cooked at the factory and obtained from the grocer ready for instant use with the addition of cream, making it a cool, delicious dish, requiring no hot stove and cross cook on a hot morning.

When Grape-Nuts and Postum Food Coffee constitute the summer breakfast, with the necessary addition of a little fruit, it is not necessary to seek the ocean breezes for comfort, for external heat is unnoticed when internal coolness from proper food is felt. The recipe book in each package of Grape-Nuts gives dozens of delicious dishes.

DRAINAGE SAVES IT.

Referring to the overflow of the prairie lands southwest of the city by the recent rains, Senator Ellison stated this morning that the drainage there was proving very efficacious in carrying away the surplus water, and that the damage to corn wood be extremely small from this source.

of embarrassment in the
al campaign and not even
of the president's hard
eciprocity will be able to save his party from the consequences of beet sugar control in the senate. It is said that the president will at once call an extra session of the senate to ratify a reciprocity treaty about concluded between the United States and Cuba and that in event of failure of that treaty to receive ratification he will convoke the whole congress and submit a message urging the Cuban matter. The president, however, is not so egregious a blunderer in politics as to do that. He will not be disposed to put the party wholly on the defensive in the coming campaign with the majority in the house at stake and in peril.

Mayor Berghoff has issued another order directing the police to compel observance by saloons of the mayor's twelve o'clock regulation, to suppress public gambling and to clear Columbia street of dives. A year ago or thereabouts a similar order was issued and violation of it within a few months became so flagrant as to amount to complete contempt for the laws regulating saloons, prohibiting gambling and the like and for all orders based on those laws. We have no present comment to make on the mayor's most recent "drastic order." It is a good order. It takes cognizance of conditions that are disgraceful. It contemplates reforms that are admirable. But—is it a mandate upon the police department or a perfunctory communication? Will it "go" for a week or fortnight or perhaps a month and then fall into a state innocuous desuetude, as have former orders? We shall see. The mayor's orders, like Jack Bunsby's philosophy, depends on the application of it.

AN ATHLETIC PROGRAM.

A meeting of the committees of the young men's societies of the First Baptist and First Presbyterian churches was held last evening at the First Presbyterian church and the program for the track meet Saturday, July 26th, was chosen. It will consist of fifty, 100, 200 and 440-yard dashes, half-mile run, shot put, hammer throw, running high and broad jumps, pole vault, 120-yard hurdle, one and two-mile bicycle race. There will also be a five-mile open bicycle race. No prizes will be given for the events, but the team winning the most points will receive a handsome silk banner, suitably inscribed. The various committees were instructed as to their duties and will meet in about a week to make final arrangements. The field meet will be held at the Driving park and one of the city bands will be engaged to furnish music. Some of the foremost athletes of the city are members of the two teams and the field day promises to be one of the best of the year.

HUMANE OFFICER'S REPORT.

To the Officers and Members of the Fort Wayne Humane Society: The following is my report for the month of June, 1902:

—Human Beings.—

Number cases investigated	16
Number cases not substantiated	1
Number cases destitute families who called for aid	1
Number children in these families	4
Number homeless children	4
Number children kept in improper homes and ordered removed	2
Number incorrigible children called to warn	2
Number children beaten or otherwise abused	1
Number old persons abused by their children	1
Number drunken men prosecuted and convicted for abusing their families	2
Number wife-beaters warned	2
Number neighborhood quarrels called to settle	1

One woman, the mother of four children, left her family in a neighboring village, came to this city and went to live in a road house. The husband came to see me and asked me to make her go home, which I did by threatening to arrest her if she did not go home.

Number persons warned	12

—Animals.—

Number cases investigated	10
Number cases drivers of lame horses warned	7
Number animals unfit for further use killed at owners' request	2

One man was prosecuted for unnecessarily whipping a horse.

A coop full of very young chickens were shipped from Texas to Cleveland via Detroit. At this point they were turned over to the Pacific Express company by the Adams Express company. Four or five of them were already dead and many looked as if they could not remain alive to the end of the journey. The arrangement for giving them water was very poor, only a small tin can with a hole cut in the end. It was impossible for all of them to get a drink before the can was upset and the water spilled. Mr. Wilson, our president, was with me when I went to see them. I asked the man in charge to give them bread soaked in water, which he promised to do. The fowls were at the Wabash depot. They were to be taken to Detroit by rail and then to Cleveland by boat. The little things were about two months old and this journey is too much for a full grown chicken packed in a coop in such hot weather as that day was.

Number persons warned	7

MEET IN ST. JOHN'S CHURCH.

The annual convention of Sunday school workers of Zion's classis of the Reformed church will be held in St. John's church, this city, July 30 and 31. There are about ten churches in the classis and between twenty and thirty delegates will be in attendance.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

VACATION DAYS.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. Mrs. Julius Nathan and son, Charles, are home from a visit in Ligonier.

TWO BOTTLES CURED HIM.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by Dreier & Bro. and Pellens & Polster.

WILL INSTITUTE A LODGE.

Grand Master T. D. Neal, of the A. O. U. W., assisted by the officers and some of the members of the three local lodges, Nos. 19, 36 and 50, will institute a lodge of the order at New Haven tonight. A team selected from the three Fort Wayne lodges will have charge of the initiatory work. The new lodge will start with thirty members and those interested feel confident in their ability to swell the membership to double that figure within a year. Following the lodge exercises the visitors and the new lodge members will indulge in a banquet, which will continue up to the moment of arrival of the train which will bring the Fort Wayne delegation home. They will go to New Haven on Nickel Plate train No. 4, which leaves this city at 7:55 o'clock, and return on train No. 5 at 2:35 o'clock the following morning.

ROBISON PARK THEATER.

The performance last night at Robison park attracted a good sized audience, which seldom occurs on a Monday evening. The vaudeville bill is made up of high-class artists. Ben Riggs is a comedian of merit, his parodies and jokes are new and up to date in every way and are delivered in an original manner. Ruth Nelta, the singing comedienne, is a charming young woman, who possesses a wonderful voice and who is gifted with a sense of humor rarely found in a woman. Prof. Tony Ryder and his troupe of wonderful performing monkeys furnish enough entertainment alone for an ordinary vaudeville. The five Nosses introduce a novel act in the way of a musical. The Robyns, Mr. and Mrs., present the latest of one-act comedies, called "The Morning After." The pictures shown by the polyscope, a moving-picture machine, are also very good. The views are all new and interesting.

CONDITIONS ARE IMPROVED.

The crop outlook today is regarded more hopefully by farmers, and several of them stated that if fair weather continues during the week, considerable of the oat and hay crop can be saved. The warm sun caused the rain-beaten grain to rise considerably and although harvesting will be accomplished with the greatest difficulty owing to the tangled stalks, it is believed that a fair percentage can be saved.

TENT PROJECT DROPPED.

The Ministerial association has decided to drop the project of holding tent evangelical services in Fort Wayne during the summer and the committees that have been soliciting funds to purchase the tent have given up their work. Several of the ministers are not favorable to the idea, as it incurs much extra work during the hot months.

We Ask You to Investigate

No man with a little idle money should miss this opportunity to acquire a block of the Treasury Stock of the

Cap Sheaf Copper and Gold Co.

Limited, Non-Personal Liability.

The property is well located, is paid for and is developed far enough to prove it the best proposition before the public. It has water, timber, transportation to smelters, and rich ores. Nothing more is necessary except to go to work and get out the gold and copper. This requires money (not a great deal) for machinery, equipment, etc., and to get it quick a portion of the Treasury Stock is offered at the low price of 25 cents per share. Only a little will be sold at this price—none will be sold at any price except for development purposes.

The Cap Sheaf Copper and Gold Company is capitalized at Two Million Dollars, the par value of shares is $1.00. We want to demonstrate to you that we have a property that will with a little further development be shipping ore and paying good dividends. Will you give us an opportunity to do this?

We have a gold mine that is just as much of an industry as making soap or packing hogs—one that is just as safe and sure and that will be far more profitable. The element of speculation does not enter into the proposition at all, for we have 50 tons of high-grade ore in sacks ready for shipment to the smelter and thousands of tons in sight. Money is needed to set the wheels in motion and to accelerate the golden stream that will certainly bring splendid returns to every purchaser of the stock offered.

Let us show you the ore and give you full particulars. If you will give the matter careful consideration we believe that you will want to join us. Write today.

Young Man of Spirit

Next Friday is the "FOURTH"

IT is 126 years since that glorious "Fourth" on which the Declaration of Independence was signed, and yet we love the day as did our great grand fathers. Our hearts swell with patriotism as we think of the words of John Adams or hear some one singing or playing "The Sword of Bunker Hill." When we think of the change that has taken place since 1776, we feel how important it is that we should live right, do right and think right. But while we are living right, doing right and thinking right—why not be comfortable? Many a man has done wrong because he has been made to feel uncomfortable. Our greatest aim is to make every man and boy in Fort Wayne comfortable, with the exception of our competitors, and if it was not for your interests we would not make them uncomfortable.

To Be Comfortable—To Be Well Dressed

You should wear one of our "Stein Bloch" or "H. S. & M.," two-piece flannel suits. They are the only thing for comfort, and whether you are short and stout, or tall and slim, we can fit you. Prices $5.00 to $18.00. You will then need one of our white soft shirts, a black tie, and perhaps a "Knox" straw hat.

50 dozen soft white shirts received yesterday to sell at $1.00 to $2.50, and have plenty of them to sell at 50c. See shirts and flannel suits in our windows.

of So. Glen Falls, N. Y., describes a condition which thousands of men and women find identical with theirs. Read what he says, and note the similarity of your own case. Dr. Miles' Heart Cure:

"I suffered agonizing pain in the left breast and between my shoulders from heart trouble. My heart would palpitate, flutter, then skip beats, until I could no longer lie in bed. Night after night I walked the floor, for to lie down would have meant sudden death. My condition seemed almost hopeless when I began taking Dr. Miles' Heart Cure, but it helped me from the first. Later I took Dr. Miles' Nervine with the Heart Cure and the effect was astonishing. I earnestly implore similar sufferers to give these remedies a trial."

Mrs. E. Fireille.

1321 Day St., Philadelphia, Pa.

When I was sick 2 years ago, with nervous prostration, palpitation of the heart, dizziness and general debility, I tried many medicines and several doctors, but grew steadily worse until I was unable to leave my bed, and no one expected me ever to recover. Both friends advised me to try Pastor Koenig's Nerve Tonic and as a last resource, without any hope or faith in it, I tried a bottle and was surprised at its quick results. After using only 2 bottles I was completely cured. Mrs. E. Fireille.

The daughter of Mrs. J. Schon, of Extradditown, has suffered with epilepsy. She used Pastor Koenig's Nerve Tonic, and has not had an attack in three years.

J. J. Curlos from Newark, N. J., says in a letter dated Jan. 18, '98: I believe, that Pastor Koenig's Nerve Tonic did the most good of any medicine I took.

DEATH'S RECORD OF THE DAY

AMANDUS HEISKELL SUCCUMBS TO CANCER.

Jacob Sappington, Who Died Near Larwill, Was an Allen County Pioneer—Mortuary Matters.

Amandus Heiskell, 65 years of age, died at his home, 2426 South Wayne avenue, at 7:15 o'clock this morning, after a protracted illness from cancer.

Mr. Heiskell was a native of Germany, but had resided in Fort Wayne many years. Surviving are the widow and four children—Mrs. John Young, of Wabash, and the Misses Emma, Clara and Lillie Heiskell, of this city.

Funeral services will be held from the residence Thursday afternoon at 2 o'clock.

SCANTLING.

Marguerite Scantling, the infant daughter of Mr. and Mrs. W. K. Scantling, of 1214 Webster street, died at midnight from exhaustion, at the age of two months.

SAPPINGTON.

Funeral services of Jacob Sappington, who died a few days ago at his home in Larwill at the age of 83 years, were held Monday, and the interment occurred near his old home at Monroeville.

Mr. Sappington was a native of Pennsylvania and his life was a long and active one. In 1836 he went with a company from Washington, Pa., to Texas and fought in the revolution then in progress in the territory, which later became an independent republic and later a state in the union. In 1844 Mr. Sappington came to Indiana, settled on the Indian reserve near Zanesville, where in 1847 he was united in marriage to Mary Butt. They were the parents of fifteen children.

In 1848 the family located upon the farm known as the Jackson farm, east of Fort Wayne, and for thirty-six years were residents of Allen county. In 1880 they removed to Whitley county, one and one-half miles north of Larwill. Here his wife died in 1882, and on March 20, 1889, Mr. Sappington was united in marriage to Mrs. Elizabeth Hoaf, who survives him. The deceased united with the Methodist Episcopal church in 1857, and remained to the last a devoted follower of that faith. He was ill but six days, having been stricken with paralysis June 22, while attending services in the M. E. church at Larwill, of which he was a trustee. He had but recently donated to the congregation land upon which to erect a new church in the village.

Mr. Heazlitt was 37 years, 7 months and 21 days of age. He leaves a widow, two little daughters, Eva and Ella, and a little son, Dey, to mourn his loss.

DOCTORS AT THE PARK.

Nearly every doctor in Fort Wayne was a passenger to Robison park this afternoon, the occasion being the mid-summer meeting and banquet of the Allen County Medical society. The afternoon session was held in the pavilion and a number of very interesting papers were read. At 6 o'clock there will be a banquet for the doctors and their wives and in the evening they will attend the performance at the theater.

DIVORCE IN SHORT ORDER

HANNAH EGG IS FREED OF CHARLES EGG.

Decree Granted Within a Short Time of Filing of Complaint—The Court House News.

At about fifteen minutes before noon today Hannah W. Egg filed a complaint in the superior court for divorce from Charles B. Egg, and at a few minutes after noon she was a free woman. The allegation in the complaint was extreme cruelty and failure to provide and Attorney Thomas was the conductor who carried the case through in almost record-breaking time.

COURT HOUSE NOTES.

Sheriff Stout has received notice from Richmond saying that Catherine Malo, recently adjudged insane, has been accepted for treatment there. The lady will be sent to Richmond tomorrow morning, accompanied by Dr. Culp, the family physician. The patient lives near Nine Mile.

The damage suit of Hively vs. McDonald is still on trial before Judge Aiken and the superior court jury, but it is expected the evidence will all be in today.

Judge Aiken has under consideration the divorce case of Nancy Lowry vs. Jesse Lowry, filed some weeks ago. One more witness remains to be examined, when a decision in the case will be rendered.

The county commissioners will meet tomorrow, when it is expected that some decision will be made regarding the date of the holding of the court house dedicatory ceremonies. President Orff, of the board, said to The Sentinel that while no date had yet been agreed upon by the commissioners, it is almost a settled fact that the ceremonies will be held some time in September, and that they will be of a purely formal character and that the expenses will be paid by the county.

Sarah LaBoub has filed divorce proceedings against Julien LaBoub alleging abandonment. The parties were married in 1886.

Kittie Runyan sues Ivy L. Runyan for divorce alleging abuse, extreme cruelty and failure to provide. The parties were married in November, 1900, and have a child sixteen months old of which the mother asks the custody.

William F. Dinnen has filed his bond as a notary public.

Judge O'Rourke as special judge of the Allen superior court, in the change of venue case of Lucretia Wagner and George Wagner vs. Sarah Eldred and Danford Eldred, being an action for a new trial of the case in which formerly Judge O'Rourke decided in favor of Eldreds against Wagners, has on motion of the Eldreds dismissed the case.

IN JUSTICES' COURTS.

David Baker, of Lafayette township yesterday afternoon gave bond in the sum of $200 to appear in Bullermann's court this afternoon to answer to paternity charges preferred by Miss Nova Carpenter, an 18 year old girl. The child of which Baker is accused of being the father is about three weeks old but he denies being in anyway responsible for its existence. He openly declares that the charge is the result of a conspiracy and is for the purpose of blackmail to which he will not submit.

Ed Boyle, a Hoagland saloonkeeper, arrested for violation of the liquor laws at first thought he would show fight but later thought better of it and pleaded guilty to two charges. He was fined $1 in each case which he paid.

In Tancey's court Samuel McQuown charges Mark Ormiston with having assaulted and battered him. The cause will be heard as soon as the constable can find Mark.

Justice Tancey this afternoon fixed up a mess at the Harrington block on Fairfield avenue by fining both parties to two provoke cases. Henry F. Close charged Edward Kerns with provoke and after the testimony was heard the justice took the matter under advisement while he heard the case in which Edward Kerns charged Henry F. Close with provoke. Then the justice deliberated on both cases, fined each defendant a dollar and admonished them henceforth to live as good neighbors or else keep their troubles out of court. They agreed to do so, reviewed the cases again and ambled down stairs.

Mrs. Fred Breimeyer and Miss Louise Baumgardt, the latter a teacher in Emmaus Lutheran school, left this morning for Kansas City, where they will attend the wedding of Miss Clara Baumgardt and Rev. Henry Heise July 9. The bride-to-be was formerly a teacher in the Emmaus schools.

BASE BALL

All the leagues except the American seem to have got along very well yesterday and had little interruption on account of rain. In the American, however, rain interfered everywhere except at St. Louis where a double header was played, the first one being won by Cleveland by a very one-sided score and the second proved a tie after fifteen innings had been played. Three thousand people saw the games. In the National league, Flood, an old Fort Wayne Inter-state player lost the game for Brooklyn and at Chicago two games were played the score in each being precisely the same. The total attendance at three games was 6,700. In the American association games were marked by small and very close scores only seven runs being made in the three games played. St. Paul beat Columbus 2 to 0, Milwaukee beat Louisville 2 to 1 and Toledo and Minneapolis made a run apiece in 12 innings and quit. Seven errors and 37 hits were made in the three games to which 3,572 people paid admission. The results are given below:

COLUMBIAN GIANTS COMING.

Manager Mart Cleary, of the Shamrocks, is making arrangements to bring the Columbia Giants of Chicago, to this city for a game about Saturday, July 12. The Giants is about the fastest semi-professional team in the country, and have always drawn good crowds here. The game with Logansport, to have been played yesterday in that city, was called off on account of rain. The Shamrocks play in Tiffin, Ohio, next Sunday.

IN NORTHERN INDIANA.

The new Elks lodge at Bluffton will be instituted July 9.

The new Free Methodist church at Columbia City was dedicated Sunday, Rev. W. T. Loring preaching the sermon.

William Burk, 77 years of age, is dead at Geneva. He was widely known.

Mrs. R. C. Jones, wife of the pastor of the M. E. church at Lagrange, died on Saturday evening.

Mrs. William Garrison, a well known lady in Smith township, Whitley county, is dead at the age of 65 years.

Samuel Rice, of Macy, clerk in a retaurant at Columbia City, is in trouble as the result of appropriating cash from the till.

Additional cases of smallpox have developed in Garrett, and it is feared the scourge will assume the magnitude of an epidemic.

Jacob Sommers, a well known DeKalb county pioneer is dead at his home east of Auburn. He was a bachelor, 80 years of age, and very wealthy.

Claude Upson, of Elkhart, was robbed of $150 and two tickets for New York while on his wedding tour, and the trip came to a very unromantic end.

Hugh Rogers, of near Knox, sold $147 worth of strawberries off of less than half an acre of land this year, and it wasn't a good year for strawberries, either.

Charles Straw, 18 years old, son of a farmer in Rockcreek township, Wells county, accidentally fired a bullet through his hand while shooting at rats Saturday.

Vera, the infant daughter of Mr. and Mrs. Will Dailey, at Bluffton, was badly scalded Sunday, when the little one overturned a vessel of boiling hot water upon her head and shoulders.

William Hallabaugh, a thief, and Fred Chubbs, held for wife-beating, escaped from the Lagrange county jail Saturday night by prying up a ventilator in the floor of the cell-house and passing through the basement.

J. H. Hasting, of Kendallville, has been a carriage painter for sixty-one years and is still in the business. More than forty years of this time has been spent in Kendallville, and he thinks he is entitled to the belt for term of service.

Joseph Wood, of Garrett, recently captured at Kokomo where he had fled to escape a charge of incest, entered a plea of guilty in court at Auburn Monday. Judge Hartman sentenced Wood to Michigan City for a term of from two to five years.

Lowlands in Whitley county were badly flooded by the excessive rains, and the damage is extensive. Blue and Eel rivers were higher than for many years, and a number of bridges were washed away. On pasture lands near the rivers, sheep sought safety upon the top of stumps, and were rescued Monday by means of boats.

Mrs. Rowland Willard, a pioneer citizen of Warsaw, but now living at Haddonfield, N. J., has just celebrated the seventieth anniversary of her marriage. Years ago the family lived at Oswego, Kosciusko county, when that village had a prospect of becoming the county seat instead of Warsaw. Her husband has been dead many years. The widow is now 88 years of age and in good health.

TREAT YOUR KIDNEYS FOR RHEUMATISM.

When you are suffering from rheumatism the kidneys must be attended to at once, so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. B. T. Hopkins, of Polar, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Sold by Dreier & Bro. and Pellens & Polster.

MOTHER ALWAYS KEEPS IT HANDY.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Meyer Bros. & Co.

THE MARKETS.

Chicago, July 1.—Some reaction from yesterday's excitement was noticeable in the grain markets at the opening, although they were still "weather" markets and prices were therefore firm. Deliveries on July contracts were light. September wheat opened unchanged to ¼c higher at 73⅞c to 73⅞c and on renewed covering by shorts ascended to 74¼c, around which the market held steady for some time. Liverpool was higher, but the advance was disappointing to the bulls in view of the bulge here yesterday. Minneapolis and Duluth reported 295 cars. Local receipts were 87 cars, 10 of contract grade, making a total for the three points of 382 cars, against 284 last week and 344 a year ago.

September advanced later to 75⅝c on covering and closed strong ¾@⅞c up at 74⅞@74¼c. July wheat touched 77½c and closed at 75⅝c.

September corn opened unchanged to ⅛c higher at 63c to 63⅛c, sold to 62¾c on profit-taking, and then reacted to 63⅛c. There seemed to be a disposition to look more calmly at the weather map, although reports still showed a wet area of corn fields. Deliveries on July contracts were light during the first hour—50,000 or 100,000 bushels—and it all went to the bull manipulators. The option opened at 72½c to 73c and sold to 73½c. Receipts were 279 cars.

Near the close July corn shot to 78c on covering, but reacted to 73¾c and closed 1½c higher at 74c.

Deliveries on July contracts during the day were 2,500 bushels, all of it going to the manipulators. This had much to do in scaring shorts. September corn closed ⅛c lower at 62⅞c, the July bulls having sold liberally.

Oats were also more quiet. September opened unchanged to ⅛c lower at 35c to 34⅞c on profit-taking, but reacted to 35¼@35¼c on buying by the general crowd. Receipts were 288 cars.

Provisions were dull but steady in sympathy with the firmness of the hog market. September pork opened 2½c up at $18.52½, and September lard a shade improved at $10.65. There was no quotation of September ribs during the first hour.

The seven postal sub-stations recently authorized by the postoffice department at the solicitation of Postmaster Page were inaugurated in Fort Wayne today, and residents of sections somewhat remote from the postoffice will doubtless be highly pleased with the innovation. For the information of the general public The Sentinel will again state that the location of the new sub-stations are as follows:

Station No. 1—George A. Clapesattle, 2514 South Broadway.

Station No. 2—David L. Benton, 1240 West Main street.

Station No. 7—Louis S. Soest, 1908 Calhoun street, near Pontiac.

Each of these stations is equipped with a stock of $100 worth of the most commonly used varieties of stamps, stamped paper and stamp books, a full registry equipment and is prepared to sell and pay postoffice money orders. These will be sold at any hour at which the business houses, all drug stores save one, are open. Mail boxes are in close proximity to each station and carriers will make the collection of registered matter.

FRESH ORDERS TO POLICE

MAYOR WANTS SALOON LAWS ENFORCED.

Public Gambling to be Suppressed and Joints Cleared of Females —Police News.

Yesterday the mayor called the attention of Superintendent Gorsline to the fact that the provisions of his order issued over a year ago regarding the prompt closing of saloons at midnight, the total suppression of gambling and the elimination of disreputable women from Columbia, Lafayette, Main, Barr and other named streets, was being totally disregarded. He reminded the superintendent that he issued the order for the purpose of making reforms and for no other purpose, and that he would hold officers personally responsible for its observance in the future. The result was that the superintendent issued a supplementary order to his subordinates reiterating the previous order and accompanying it with the letter from the mayor. The result was that last night every saloon in town so far as known was hermetically sealed at midnight and the strict spirit of the order was complied with. The order was brought about by the recent suit of O. M. Flinn, who claimed to have recently lost money in town by gambling, and was furthered by a fracas in a saloon near the transfer corner on Saturday night after midnight, during which a customer who refused to drink with a convivial patron of the bar was thrown through the glass street door.

The text of the order by the mayor is as follows:

Fort Wayne, Ind., June 30, 1902.

Homer A. Gorsline, Superintendent of Police: You are hereby notified that all women of bad repute must be removed from all business streets, such as Columbia, Calhoun and Lafayette, on or before August 1; also, all professional gambling, such as faro, poker and others, must be stopped at once, and if continued all paraphernalia must be seized and arrests made. I have been informed that some of the saloonkeepers are continously violating the order of closing their places of business at midnight. This rule must be uniformly enforced, and if not done, I shall hold the officers in charge responsible for such violations. Under no circumstances will women of known bad character be tolerated around or about any saloon, and if found there arrests must be made on sight. Instruct your officers to carry out the intent of this order without malice or favor and with good, sound judgment.

Henry C. Berghoff, Mayor.

The order issued by Superintendent of Police Gorsline is as follows:

The enclosed letter from his honor the mayor explains itself. Since the issuance of the circular of May 14, 1901, setting forth the position of the present administration upon the saloon, gambling and other questions of importance to our department, it seems that while the officers were strict and a general observance of the order prevailed for awhile, they have now become somewhat lax in preserving the conditions as they should be, and as a result it has been reported that quite a number of violators of the law have been allowed to go unpunished and have neither been reported nor prosecuted.

In the future each officer will, upon a violation of the law, come to headquarters the following day prepared to file affidavits against the aggressors. All sporting-house keepers on Columbia, Lafayette and Calhoun streets will be notified that they must close their places and have the women out of their houses on or before August 1, 1902. There will not be any women of known bad repute allowed in or above saloons. The 12 o'clock rule must be observed, as also the order against public or professional gambling. The officers on duty can control all these evils, and it is expected of them that they do it.

The letter from the mayor is plain, and there should be no difficulty in understanding it.

H. A. Gorsline,
Superintendent Police.

SALOONKEEPER FINED.

There was nothing doing at police court this morning save the hearing of the case of the state against H. P. O'Reilley, charged in the first place with violation of the Nicholson law. The case was continued from yesterday morning and the affidavit was changed so as to charge selling liquor after 11 o'clock at night. To this charge a plea of guilty was entered and a fine of $10 and costs, amounting altogether to $20, was assessed and paid.

Superintendent Gorsline is at Michigan City, where he yesterday delivered Frederick Dawsey to the penitentiary. He will return this evening.

Charles Stearn, whose home is at Wauseon, Ohio, but who is at present boarding at 311 Grand street, reported that he had lost $15 in some unaccountable way. He did not feel ready to accuse anyone of taking the money out of his room, but thought its disappearance was exceedingly strange. Lieutenant Lapp investigated and learned that Mr. Stearn and a friend or two had been out celebrating in a mild sort of a way, and when he questioned Stearn he was not positive whether he had lost it on the street, whether it had been stolen or whether he had spent it.

A man named Drey, first name not given, reported to Officer Petgen that his son-in-law, named Ormiston, first name also not given, had assaulted him, pulled him out of his buggy and had beaten him. Officer Petgen reported the matter to police headquarters.

Officer Collins yesterday evening assisted J. W. Bell in recovering a set of harness which an obstreperous customer refused to pay for or return.

The St. Joe river is getting the best of the St. Mary's on the present flood and is making by far the best record. Water at the junction of the rivers is backing up the St. Mary's almost as fast as it is escaping down the Maumee. The greatest sufferer on public contracts by the present stage of high water is Contractor Berheimer, who is rendered almost helpless in his work in the neighborhood of pumping station No. 2.

CALLED TO B. & O.

PETER RAIDY AND HARRY HUSTON ADVANCED.

A. W. IRELAND PROMOTED

GOES TO HAMLET AS JOINT CAR INSPECTOR.

FIREMEN HAVE AN ELECTION

ALSO ANNOUNCE A CHANGE IN GRAND OFFICE.

Peter J. Raidy and Harry M. Huston, two of the best known train dispatchers in the employ of the Pennsylvania company, have received notice from the Baltimore and Ohio officials to report to the transportation department of that road for duty. Mr. Raidy is instructed to go to New Castle, Pa., and Mr. Huston to Cleveland, Ohio. Neither has been informed of the title or character of the position which awaits him, but they are given to understand that it is a decided advance in the ranks and they willingly obey orders. With this end in view they have tendered their resignations to the Pennsylvania local officials and will leave for their respective places as soon as arrangements have been completed for filling the vacancies in the dispatchers' ranks here. Mr. Raidy commenced work for the company in 1876 and after a service of several years as operator and later as dispatcher, he left the service and entered the employ of the Western Union company and for twelve years was engaged in commercial and press work. During that term Mr. Raidy worked at various times in the important cities between New York and Omaha. Eight or ten years ago he resumed his old position in the Pennsylvania offices in this city and has been a dispatcher ever since. Harry Huston has been employed in the telegraph and train dispatching offices at this place for fourteen years. Before coming to Fort Wayne he was employed first as a messenger and apprentice and later as an operator in the Nevada, Ohio, office of the company. For some months he served as special assistant trainmaster of the western division, but has been doing regular dispatching for some months. These resignations will result in a number of changes in the telegraph and dispatchers' office, but The Sentinel was unable to learn who would be affected by them.

CHANGE IN CAR INSPECTORS.

J. E. Wooley, who was assistant car inspector for the Pennsylvania and the Indiana, Illinois and Iowa roads at Hamlet, Ind., has been appointed chief inspector at that place, to succeed August Humbke, deceased. A. W. Ireland, of this city, has gone to Hamlet to take the place made vacant by the promotion of Mr. Wooley. Mr. Ireland has been employed as a car repairer at the east shops for some time. While the office at Hamlet is a joint affair in which both roads share in its maintenance, the Pennsylvania company has complete control of it and fills all vacancies.

AIR BRAKE CAR TO CHICAGO.

Capt. H. M. Deihl, air brake instructor, and his car will go to Chicago on train No. 11 this evening to instruct the Pennsylvania men who are interested in the use of the high speed brakes. The work will keep Captain Deihl in the Windy City about ten days.

FIREMEN ANNOUNCE ELECTION.

A. G. Porter lodge No. 141, Brotherhood of Locomotive Firemen, counted the ballots for the annual election of officers last night and made the announcement of the result. Interest in the election was unusual, because of the number of aspirants for honors, and this brought a big crowd to the meeting last night. During the counting of the votes recess was taken and the firemen not employed in counting votes engaged in a pedro game. Voting was through the mails and this has been in progress ever since the nominating meeting a month ago. This method gave every member an opportunity to vote and at his leisure. The roster is as follows:

Master—H. S. Rodeheaver.
Secretary—G. W. Erwin.
Treasurer—O. E. Maxwell.
Trustee for Three Years—C. E. Jerome.
Legislative Representative — P. O'Hara.
Delegate to Grand Lodge—G. W. Erwin.
Alternate Delegate to Grand Lodge—H. F. Harper.
Vice Master—Thomas Albright.
Collector—R. C. Chase.
Medical Examiners—Drs. Wm. Ensley and G. B. Stemen.

During the meeting a circular announcing the change in the grand office was read. Frank P. Sargent, the grand master, has been given a three months' leave of absence, without salary, and this morning he assumed the office of commissioner of immigration, to which he was appointed two months ago. J. J. Hannahan, first vice grand master, will be the acting grand master until the meeting of the convention, September 8, when a successor to Mr. Sargent will be elected. Mr. Hannahan is a candidate for that honor, but if he is no stronger elsewhere than here he will not get the office.

FELL FROM HIS WHEEL.

W. G. Page is carrying his right arm in a sling and will be unable to follow his usual vocation for awhile. Yesterday he was thrown from his bicycle and his right shoulder and arm were badly sprained and bruised. Mr. Page is a machinist, employed in the Pittsburg round house.

BOILERMAKERS' EXCURSION.

The committee on arrangements for the excursion to be given to Bawbees on Saturday, July 26, by Summit City lodge, No. 54, International Association of Boilermakers and Ship Builders, held a meeting last night to discuss the matter and to arrange for getting out the tickets and advertising matter. The boys propose to make this one of the best excursions of the season.

WORKING OVERTIME.

The employes in the tool room, the blacksmith shop, the incandescent testing room, the foundry and the fixture room of the Fort Wayne Electric works are compelled to work overtime. For several nights they will work until 9 and 10 o'clock. The shops are behind with their work and the extra hours are necessary to prevent serious embarrassment from that source.

ENTERS ANOTHER YEAR.

Julius Koch today began another year of his service in the Pittsburg shops. He also entered upon another year of life, being forty-six years old. Mr. Koch began working in the shops as an apprentice in the machine room in 1871 and has remained there constantly since, the only change being the transfer from apprentice to mechanic.

PUTTING IN MATERIAL TRACK.

Measurements were made this morning for a track through the Pittsburg machine shop, running east and west, to be known as a "material track" and to be used exclusively for carrying building material in the erection of the new shop. The machinery in the way of the track will be removed in a few days.

BAPTIST EXCURSION.

The Baptist Sunday school excursion to Rome City this morning was sufficient to fill three extra coaches to their full seating capacity. There were between 150 and 175 tickets sold, and in addition there were about 75 little ones not required to get tickets, making the party 275 or upwards. They went to the resort on train 7.

FOREMAN TREECE SURPRISED.

Forty or fifty of the friends and neighbors of Foreman George Treece, of the Wabash warehouse, gave that gentleman a surprise last evening in honor of his thirty-fourth birthday. The amusements of the evening were music and games, and a delicious lunch was served later. Mr. Treece was made the recipient of several presents from the visitors, among them a handsome watch charm emblematic of the A. O. U. W., a pair of pretty cuff buttons and a fine chair. The party was a most pleasant one.

David Magers, of the Wabash shops, is on duty again after a visit with relatives and friends in eastern Indiana and western Ohio.

W. H. Clements, Nickel Plate brakeman, reported for work yesterday. He had been off on political business a couple of days.

A train load of dressed beef for export, forty-three cars, passed through the city, over the Nickel Plate, at 7:30 o'clock last night.

Frank Offner and Victor Newman, of the Wabash machine shop, reported for duty this morning. They were injured in the shops some days ago.

Chief Clerk Frank D. Reed, of the motive power department of the Pennsylvania, has returned from Chicago. Mrs. Reed accompanied her husband on the trip.

R. J. Lyons will act as road foreman of engines of the Pennsylvania during the absence of M. R. Colmey, who left today with his family upon a tour of the eastern cities and resorts.

Engineers George Dunann and Joseph Studer, of the Nickel Plate, are off duty, the former on account of being sick and the latter on account of the sickness of a member of his family.

Two 25-horse power motors to the Keystone Plaster company, Chester, Pa., and a ten-horse power motor to Hamilton, Ohio, were among the shipments from the Electric works this morning.

Walter Newman, a pipefitter who was employed in the Wabash shops several months ago, is here visiting his mother. He is now employed in shops at Kankakee, under Foreman Joseph Jones.

R. E. Cahill, division superintendent of the Missouri Pacific, has resigned and today assumed the duties of superintendent of the Choctaw, Oklahoma and Gulf road, a part of the Chicago, Rock Island and Pacific.

The directors of the Pennsylvania, at their meeting last week, granted A. J. Cassatt, president, a vacation from July 15 to September 1. He will spend the time at Bar Harbor. Vice President Green was given a leave of absence for August.

The Wabash has succeeded in getting stop-over privileges at Detroit for Put-in-Bay as an offset to the same concession to the Lake Shore at Sandusky. This gives all roads passing the islands on either side of the lake the same privileges.

Three New England roads have decided to abandon oiling of their roadbeds to keep down dust, and will ballast them with broken stone, which at first is expensive, but when once down the rain washes it and there is no further trouble from dust.

Ed Koenig, one of the employes of the Pennsylvania freight office, has gone to Dayton, Ohio, ostensibly to visit relatives. The "boys" at the office say his mission is of a different character and that when he returns he will be accompanied by a bride.

The Ladies' auxiliary of the Brotherhood of Railway Trainmen will give a lawn social this evening at the home of Mr. and Mrs. John Lause, 1518 Boone street. If the weather should be unpropitious, the guests will be entertained within doors.

L. F. Loree, president, and G. L. Potter, general manager of the Baltimore and Ohio, left Baltimore, on Saturday, on an inspection trip over the lines. They spent Sunday in Cleveland, and the following days of the week will be on the lines, visiting Chicago and St. Louis.

The Union Pacific has discharged 500 more employes from their shops in Wyoming, making 650 dismissed since June 13. It is understood that as a result of the strike the shops will be closed permanently, and this action has produced a panic in the town, as $75,000 per month was disbursed at that point.

The new wage scale of the trainmen on the Iowa Central has been fixed and there will be no further trouble. On through freight runs wages have been changed from $2.90 for conductors and $1.90 for brakemen per 100 miles to $3 and $2, and on local freights from $2.90 and $1.90 to $3.25 and $2.16 2-3. The pay of switchmen has been advanced 20 per cent, and of passenger men $5 per month.

Boilermaker C. P. Ewald, of the Pittsburg shops, is celebrating the advent of a son, who tips the beam at the ten-pound mark. Cigars at the shops are coming later.

James Donohue resumed his position in the Pittsburg paint shop this morning after an absence of two weeks as a result of his successes at the Chicago derby. He was a big winner there.

Machinist Porter Chamberlain is off duty from the Electric works today on account of sickness. Fritz Bleibtrue, a toolmaker at the same shop, is also on the sick list. Jap Edsall is detained at home by the serious illness of his daughter.

The clogged sewer under the Pittsburg tracks at Walton avenue was opened at 3 o'clock yesterday afternoon and the big body of water in that vicinity soon disappeared. The cave-in of the sewer was caused by muskrats, great numbers of them having been at work there for several weeks.

The Wabash's "Continental" limited yesterday afternoon gave the passengers on a belt line car a good scare. The car was crossing the tracks as the train was approaching and some one in the car gave a frightened cry and rushed off the car. This started the other passengers and the car was emptied in a second. There was no real cause for alarm however.

Anthony Gerard will go to Grand Rapids to visit his son, General Yardmaster Tony Gerard, until after Sunday; Chris Rhine and his wife will visit in Chicago; Frank Girard and his family will go to some lake in the northern part of the state to remain a week, and John O. PUMPING STATION RESUMES

FLOOD DAMAGE AT VAN BUREN STREET IS REPAIRED.

Deluge Which Submerged Machinery Is Pumped Out and No Further Trouble Is Feared.

The Van Buren street pumping station, which was out of service for thirty-six hours by reason of a deluge of water which invaded the machinery pit, submerging the big pumps to a depth of nearly nine feet, resumed operations this afternoon and no further trouble is apprehended. It is said the damage is merely nominal.

After many hours of energetic work the pumping of the big volume of muddy water out of the pit was completed at 7 o'clock this morning. Then the workmen began cleaning up the machinery, removing all traces of the deluge, and it is said no damage has been done, either to the pumps or to the building. The trouble started about 9 o'clock Sunday evening, when workmen noticed water pouring into the machinery pit, which is twenty-three feet below the street level.

Excessive rains had washed away the earth from about the big thirty-inch suction pipe installed for connection with the new pump soon to be placed in position there. This permitted the pipe to sink, breaking the packing about it, and muddy water in a perfect deluge came streaming in from a big trench made when the pipes were placed in position, but which could not be filled up until all connections were complete.

An unsuccessful effort was made to stop the inflow, and then the small pump was started, but it was totally inadequate to carry off the inflow, and the water rose steadily. It filled the space of eighteen inches below the floors, then crept up into the pit little by little until at one time there was a total of nine feet of water in the pit, submerging the pumps and the foundation installed for the new machinery.

When it became apparent that the machinery was to be submerged workmen floundered about in water waist deep, hurriedly applying heavy oil to all exposed portions of the machinery to prevent damage from rust. All day Monday the work of pumping out the deluge was carried forward, while a large number of sacks filled with cement were thrown about the point where the big pipe enters the building. The effort to plug the opening in this manner was finally successful. The inflow was stopped and it permitted the men to make headway in pumping out the water from the pit.

BIG PUMP LOST.

Several days ago the water works department received word that the big pump intended for No. 2 station had been shipped June 24. Up-to-date nothing further has been heard from the pump nor the Holly works. Fear is expressed in official circles lest the pump may have been caught in the recent rain storms and floated away or perhaps may have gone to join Engineer Hoit's report which was shipped from Cleveland nearly a year ago and hasn't got here yet.

CITY HALL NOTES.

This is general payday at the city hall, city officers, councilmen and the members of the board of public safety coming in for their quarterly stipend.

The board of works met yesterday afternoon and transacted no business outside of the regular Monday routine. Several minor petitions for sidewalks were received and filed and the city engineer was instructed to prepare estimates on sidewalks in the Ninth and Tenth wards.

Phillip Sweeney has been granted a permit to remodel his house on Brandriff street at a cost of $500.

The concrete gang commenced work on East Wayne street this morning and Contractor Moellering was enabled to resume work on East Columbia street.

POISONING THE SYSTEM.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble, stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Meyer Bros. & Co.

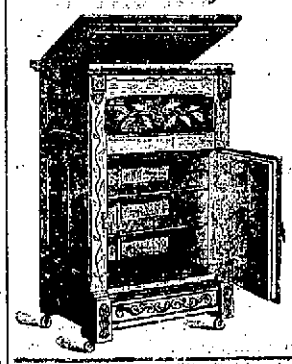
Our Ranney Refrigerators.



You have, of course, heard about these wonderful goods. The rapid increase in the sale of them in this city is almost marvelous. Now, how is this accounted for? Is it simply good luck? Certainly it is progress. We believe it is accounted for from the fact that our refrigerators are built on honor, built to last, and built to sell. A poor "Lapland" or a poor "Monitor" Refrigerator was never known. It is acknowledged by all that we have the best refrigerator for a small amount of money. This, we think, is the secret of our success.

PUMPING STATION RESUMES

FLOOD DAMAGE AT VAN BUREN STREET IS REPAIRED.

Deluge Which Submerged Machinery Is Pumped Out and No Further Trouble Is Feared.

The Van Buren street pumping station, which was out of service for thirty-six hours by reason of a deluge of water which invaded the machinery pit, submerging the big pumps to a depth of nearly nine feet, resumed operations this afternoon and no further trouble is apprehended. It is said the damage is merely nominal.

After many hours of energetic work the pumping of the big volume of muddy water out of the pit was completed at 7 o'clock this morning. Then the workmen began cleaning up the machinery, removing all traces of the deluge, and it is said no damage has been done, either to the pumps or to the building. The trouble started about 9 o'clock Sunday evening, when workmen noticed water pouring into the machinery pit, which is twenty-three feet below the street level.

Excessive rains had washed away the earth from about the big thirty-inch suction pipe installed for connection with the new pump soon to be placed in position there. This permitted the pipe to sink, breaking the packing about it, and muddy water in a perfect deluge came streaming in from a big trench made when the pipes were placed in position, but which could not be filled up until all connections were complete.

An unsuccessful effort was made to stop the inflow, and then the small pump was started, but it was totally inadequate to carry off the inflow, and the water rose steadily. It filled the space of eighteen inches below the floors, then crept up into the pit little by little until at one time there was a total of nine feet of water in the pit, submerging the pumps and the foundation installed for the new machinery.

When it became apparent that the machinery was to be submerged workmen floundered about in water waist deep, hurriedly applying heavy oil to all exposed portions of the machinery to prevent damage from rust. All day Monday the work of pumping out the deluge was carried forward, while a large number of sacks filled with cement were thrown about the point where the big pipe enters the building. The effort to plug the opening in this manner was finally successful. The inflow was stopped and it permitted the men to make headway in pumping out the water from the pit.

BIG PUMP LOST.

Several days ago the water works department received word that the big pump intended for No. 2 station had been shipped June 24. Up-to-date nothing further has been heard from the pump nor the Holly works. Fear is expressed in official circles lest the pump may have been caught in the recent rain storms and floated away or perhaps may have gone to join Engineer Hoit's report which was shipped from Cleveland nearly a year ago and hasn't got here yet.

CITY HALL NOTES.

This is general payday at the city hall, city officers, councilmen and the members of the board of public safety coming in for their quarterly stipend.

The board of works met yesterday afternoon and transacted no business outside of the regular Monday routine. Several minor petitions for sidewalks were received and filed and the city engineer was instructed to prepare estimates on sidewalks in the Ninth and Tenth wards.

Phillip Sweeney has been granted a permit to remodel his house on Brandriff street at a cost of $500.

The concrete gang commenced work on East Wayne street this morning and Contractor Moellering was enabled to resume work on East Columbia street.

POISONING THE SYSTEM.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble, stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Meyer Bros. & Co.

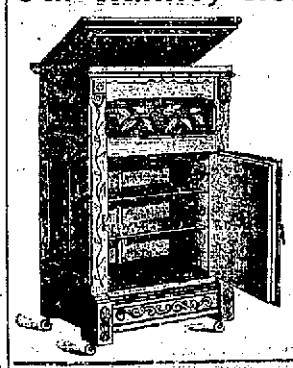
Our Ranney Refrigerators.



You have, of course, heard about these wonderful goods. The rapid increase in the sale of them in this city is almost marvelous. Now, how is this accounted for? Is it simply good luck? Certainly it is progress. We believe it is accounted for from the fact that our refrigerators are built on honor, built to last, and built to sell. A poor "Lapland" or a poor "Monitor" Refrigerator was never known. It is acknowledged by all that we have the best refrigerator for a small amount of money. This, we think, is the secret of our success.
